SUGGESTIONS OF NEUTRAL MEDIATION ARE SQUELCHED

State Department Says This Will Continue to be Attitude Until Situation Clears

NO OFFERS ARE RECEIVED

President Wilson Begins Work on Message to "War Congress" Which Meets April 2

MANY PLEDGES OF SUPPORT

Among Those Favorable to Aggressive Move are Several of That "Willful Dozen"

(By United Press.)

Washington, March 22.—The state department squelched all suggestions for neutral mediation between the United States and Germany today. This will continue to be the administration's attitude until the slate is cleared between Germany and America.

Suggestions that a neutral move towards mediation was proceeding brought from the state department the definite statement that this government is not disposed to parley.

Administration officials, including Secretary Lansing, were frankly displeased at the mediation talk, branding it as pro-German and anti-American.

The state department said it had not received any formal mediation offer besides the several offers made at the time of the break with Germany.

Just who is inspiring the mediation talk was unknown. But there was a suggestion that it might be from German sources, especially since a propaganda move just after the break was directly traced to the efforts of the Swiss minister, Ritter.

President Wilson today began work on his message to the "war congress" of April 2.

Senators and representatives of all political parties were sending pledges of support to the white house.

Among those who are favorable to aggressive action against Germany are several of the twelve men charged by President Wilson with placing the United States in a contemptible light as a result of filibustering in the last congress. Following to the nature of the present situation it is believed the fight for organization will be short lived in the house. It is probable that some course of action will be agreed upon before April 2.

Even while the president was considering his address the attention of officials was today directed to internal developments in Germany. With reports of serious food restrictions came rumors of a possible peace move from Teutonic forces.

While confident that the entrance of the United States into the struggle will probably serve to shorten the war, officials believe it necessary before any real settlement towards peace might be accomplished.

SEEKS RECOGNITION NEW GOVERNMENT

(By United Press.)

London, March 22.—Counselor Bonar Law again sought recognition for the new Russian government in the house of commons this afternoon.

"It is too soon," he said, "to view with concern the new Russian government's ability to establish itself on a foundation of wisdom and justice, but it is not too soon to send friendly greetings."

"The events in Russia hold the attention of the whole world and remind one of the early days of the French revolution."

75,000 Men Are Needed

Secretary Daniels Today Issues Call for That Number to Stimulate Navy Recruiting Because One of First Acts of Congress Will be to Authorize 100,000 Increase.

NAVY TO BEAR MAIN BURDEN

Washington, March 22.—The navy needs 75,000 men and needs them now, Secretary Daniels announced in an official call for that number today in an appeal to stimulate recruiting.

One of the first requests of congress when the April 2 session begins will be that 100,000 men be authorized as an increase to the navy.

The navy will bear the main burden of the war. While an army undoubtedly will be raised military men say this will not be an overseas army.

Joint control of aviation has been arranged between the army and navy. Training of the aviators will be undertaken along the coast.

There has been no actual call for mobilization of the militia or Atlantic fleet but there were increasing signs that the order would come shortly. Apparently the government is proceeding with plans for co-operation between its navy and the allied fleet.

MORE DONATIONS RAISE RELIEF TOTAL

Sum for Newcastle Sufferers is Increased Today to \$2387.25 by Additional Contributions

MILROY RAISES SUM OF \$171.25

The committee in charge of the Newcastle relief fund announced that the fund would close yesterday, but of course, so long as contributions are being made the committee will accept them and forward them to Newcastle. The sum of \$26 was reported today in small donations and a committee from Milroy announced that they had taken \$171.25 raised in that community to Newcastle. This brings the total raised in the county up to \$2387.25.

The small contributions included three checks from Manilla sent to Mayor Bebout. They were from George Wissing and J. M. Wissing, who sent \$2.50 each, and Jacob Wissing, who sent \$10.00. A. N. Williams donated one dollar and three smaller contributions were found in the collection boxes at the Main Street Christian church. They were intended to go with the church fund but were overlooked. These were made by "J. E. C.," \$1.00; Wilbur Stiers, \$1.00; Mrs. Albert Allen, \$2.00.

The last draft has not been sent to the committee and likely will not be until the contributions stop coming in.

MRS. A. E. SAMPLE IS DEAD

Step-Mother of Frank Sample Expires at Knightstown Today

Mrs. A. E. Sample, 70 years old, died today at her home in Knightstown from paralysis. Mrs. Sample was the step-mother of Frank Sample of this city. She is survived by one son, three step-sons, one step-daughter and one brother. The funeral services will be conducted Sunday afternoon at the late residence in Knightstown.

MEANS LIFE-TIME JOB FOR G. P. HUNT

Proposed Order of President Wilson's Will Place Postmasters Under Civil Service

NO TEST TO BE PROVIDED

Those Who Have Conducted Office Satisfactorily Will Get to Hold Places, it is Said

An order is expected to be issued about April 1 by President Wilson which will place all first and second class postmasters under civil service and which will result in Postmaster G. P. Hunt of the local office receiving a life-time job.

This order will mean the elimination of the postoffice from politics and will relieve every representative in congress from the quadrennial task of recommending men for appointment as postmasters. Some time ago a law was planned which would have the same effect as the proposed order, but under the law the postmasters would have been compelled to take a competitive examination. The proposed order would do away with the examination and would give the office to the present postmasters providing the office has been conducted in a satisfactory manner.

Since this is the only qualification there is little doubt that Mr. Hunt will get the postoffice for life or as long as he elects to hold it.

Word regarding the proposed order has been brought back to Indiana by democrats who attended the inauguration ceremonies and while it was handed out by semi-official sources it is regarded as authentic and the order is expected April 1.

It is known that Postmaster General Burleson has written a communication embodying a request that such an order be issued. In the suggestion made by the postmaster general, there is nothing that would require a postmaster—one of the presidential appointees—to take a civil service examination, if he has made a good record as postmaster.

Under the new system there will be appointments only on vacancies caused by death or resignation and these appointments will be made alone on grades made in an examination.

Local postal employees have received no definite word about the new order but the talk of the change has been making the rounds through the various branches of the service.

TO SERVE 2 YEARS FOR SENDING SPIES

Albert O. Sanders and Carl Wunnenburg Sentenced and Must Pay Fine of \$2,500 Each

PENALTY HELD INADEQUATE

(By United Press.)

New York, N. Y., March 22.—Albert O. Sanders and Carl Wunnenburg were sentenced today to serve 2 years in the federal prison and to pay a fine of \$2,500 each on pleas of guilty to charges of sending spies to England.

Judge VanFleet declared the penalty was inadequate to meet such cases.

"The sort of things these men did," said the court, "does not speak clemency for them. It is such acts at theirs that have been the cause of involving us in the war. I believe these men pleaded guilty to shield the names of others which would have been revealed if the case had gone on to trial."

—Sylvia Hodge of Homer was in the city today.

LOOK FORWARD TO DISTRICT SESSION

Club Women of County Prepare For Convention of Sixth District Federation in Connersville

LOCAL WOMAN IS CHAIRMAN

Meeting Will be Held at Connersville Latter Part of May—Preparations Being Made

Already plans are being made for the convention of the sixth district federation of clubs to be held in Connersville the latter part of May, although the exact date has not been set. Some of the "headliners" are to be Mrs. Edward F. White who will talk on "Political Science" and Mrs. Carolyn Fairbank, state president of the federation, who will also make an address. Among the social affairs, there is to be a tea at Elmhurst, the beautifully situated Girl's school near Connersville. At the head of the planning are Mrs. Sam DeHaven, chairman of the county federation, and Mrs. Greenwood, chairman of the city federation.

The officers of the state federation and the chairmen of the districts met at the Claypool Hotel in Indianapolis in Wednesday of this week to exchange ideas concerning the work and partially to arrange dates for the district conventions.

Following is a complete list of the officers and chairmen of this, the sixth district, several of whom live here:

Officers

District chairman, Mrs. Guy Abernethy, Rushville; vice-chairman, Mrs. A. L. New, Greenfield; sec.-treasurer, Mrs. Willard Petro, Cambridge City.

Chairmen Standing Committees

Country Life, Mrs. T. Benton Henley, Carthage; history, Mrs. S. S. Harrell, Brookville; music, Miss Jennie Madden, Rushville; parent-teacher, Mrs. Walter Saxon, Glenwood; press, Miss Frances Frazee, Rushville; civics, Mrs. Ralph Waggener, Knightstown; reciprocity, Miss Marie Gard, Liberty; health, Dr. Rose Drutt, Richmond; literature, Mrs. Ida Steele Barrett, Greenfield; blind, Mrs. C. V. Gause, Carthage; art, Mrs. Paul Comstock, Richmond; forestry - waterways, Miss Ethel Carter, Connersville; home economics, Mrs. A. W. Roach, Richmond; library extension, Mrs. Dean Charni, Brookville.

County Chairmen

Fayette, Mrs. S. E. DeHaven, Connersville; Franklin, Mrs. W. E. Dickson, Cedar Grove; Hancock, Mrs. Eli Hagan, Greenfield; Henry, Mrs. Claude Bartlett, Lewisville; Wayne, Mrs. Harry Dalbey, Richmond; Union, Mrs. Geo. S. Tappan, Liberty; Rush, Mrs. Louis Lambert, Rushville; Shelby, Mrs. S. L. Major, Shelbyville.

SENDS WILD STORY ABOUT PETROGRAD

Berlin, March 22.—Russia is in confusion. Anarchy rules and agitation against continuing the war is growing. The working men have refused to respond to pleas to resume work.

This information reached here today. It indicated the provincial government is far from being in control of the situation; that discipline in the army has relaxed and that factional differences, now smoldering, may again break out.

The streets of Petrograd are filled with speakers spreading the socialistic cause and working against the present government.

Some of the old government elements are aiding in this disturbance. The Petrograd police have been replaced by students whose authority is not respected, it was stated.

WATSON DOES NOT EXPECT AN ACTUAL DECLARATION OF WAR

Senator, Arriving Home From Washington, Says he Does Not Believe President Wants One

SUBJECT WILL BE DEBATED

Democratic Majority Will Abide by His Wishes in Matter, Mr. Watson Thinks

NO ACTUAL WARFARE LIKELY

Expresses Loyalty for Country, But Defends Senator Stone for Opposing Wilson's Course

Senator James E. Watson who arrived home from Washington last night, today expressed the belief that there will be no actual declaration of war with Germany though congress has been called in extraordinary session for April 2 and the surface indications are that either President Wilson or congress will demand an open declaration.

"I do not think that the president wants to make a declaration of war against Germany," he declared at his home this morning. "While I do not know the sentiment of congress as a whole, I do not think that congress will pass any resolutions calling for a declaration of war with Germany."

"I have no doubt but that resolutions calling for such action be introduced and debated in both branches of congress, but the democratic majority will abide by the wishes of the president and it is my opinion that he will not desire such a step."

Senator Watson indicated that from his observations of President Wilson, he had formed the opinion that the president would conduct "war" with Germany much after the fashion of the late Mexican "invasion." While expressing absolute loyalty to the country and calling attention to the fact that he and other senators had suppressed their views in the recent so-called filibuster so as not to present a divided front to the enemy, Senator Watson declared that in his opinion actual warfare with Germany would never result but that a few ships might be destroyed on either side.

Senator Watson is very much in favor of the universal military training bill, which he introduced at the request of the general army staff. Before introducing it, Senator Watson went over the bill thoroughly and found that it coincided exactly with his views on the subject. Through an unfortunate circumstance, a report of the bill which was to be sent broadcast over the country to familiarize the people with it, was sidetracked at the last moment of the last session of congress and the printing of the bill can not be accomplished until the extra session.

While in Indianapolis yesterday afternoon on his way home from Washington, Senator Watson took occasion to defend Senator Stone on his attitude in opposing in the senate the resolution giving President Wilson full and complete power to handle the international situation without the advice of congress and today he reiterated that defense.

"The senators who opposed the ship-arming bill," he said, "have been subject to much unfair criticism." He declared that he endorsed heartily what Senator Harry S. New and Representative Will R. Wood of Lafayette had said regarding the bill in late interviews. All three Hoosiers have expressed themselves as of the opinion that Senator William J. Stone and the others of the "little group of willful men" have been placed in a wrong light before the public.

"There was no genuine filibuster

Company Is Likely Here

Rushville Will Organize State Militia Providing State is Entitled to Any More Units, Adjutant General Smith Promises James E. Watson Over Telephone Today.

PREVIOUS REPORT IS WRONG

It is not certain that Rushville can get a company of the national guard but Senator James E. Watson has a promise from Adjutant General Harry Smith that if there is a chance for another unit in the state militia Rushville will get it.

Senator Watson arrived home last night from Washington and immediately interested himself in the situation. It had been reported previously to Rushville men who are trying to organize the company that there were five units short in the national guard organization in Indiana, but this proved to be wrong.

Senator Watson called Adjutant General Smith by telephone at Indianapolis this morning and Mr. Smith informed him that if there was a chance for another company, Rushville will get it. He wanted first to be assured that there was a demand for a company here.

General Smith has first to find out from the U. S. war department what is expected of Indiana. He has an appointment to meet Senator Watson in Washington April 30 when the senator will introduce him to Secretary of War Baker.

against that bill," declared Senator Watson. "If the House bill alone had been presented to the Senate it likely would have passed, but when the amendment granting the President authority to use those 'other methods' was added objections were raised."

"Some of those measures would have been debated in Congress for weeks under ordinary circumstances, but they were brought to us at 4:30 o'clock Friday afternoon and Congress was to adjourn Sunday noon and we were virtually asked to pass them or face the alternative of being held unpatriotic."

"Some of us are suppressing our own views that the country may present a united stand against the attitude of Germany. We are for a united country, and our differences with the President may be taken up later. The Republicans in

The Clock

Without Hands

The business that attempts to grow without advertising is about as successful as the clock without hands.

All the movements it makes amount to little; for people don't know about them.

Yours may be a splendid business; but people are too busy to find it out unless you tell them about it by advertising.

They do know about the business of the fellow who keeps them posted through the columns of this and other newspapers. He invites their trade and tells them why he wants it; or rather why it is to their advantage to give it to him.

Being a live business man he knows how to treat customers after he gets them. He knows he can make his advertising pay only by living up to his promises.

Don't let your business be like a clock without hands.

Advertise.

Begin now.

HOG QUOTATIONS FIVE CENTS LOWER

Prices Decline With Receipts 2,000 Greater—Chicago Wheat Prices Are Down.

INDIANAPOLIS GRAIN FIRM

Hog quotations in Indianapolis were five cents lower today with receipts two thousand greater. Chicago grain prices were higher but Indianapolis grain was firm.

In Chicago May wheat was up two and three-eighths; July, one and five-eighths; September, one cent. May corn advanced one and five-eighths; July one; September, seven-eighths. May and July oats were both a half cent higher.

Wheat held firm in Indianapolis, being unchanged. Corn was up a half cent and oats was the same.

chapter of "Patria" the serial in which Mrs. Vernon Castle is featured for the first picture tonight. Every episode of this picture is full of action. The second picture is "Pathe Weekly" and the program ends with "Florence Rose Fashion," an educational reel. Tomorrow Constance Collier will be seen in the drama "The Tongues of Men."

The attraction at the Gem tomorrow night will be a five reel comedy drama "Bluff," featuring the celebrated team of Kolb and Dill. "Bluff" is a dynamic Kolb and Dill play, every detail arranged with consummate skill, the characters are as real as the friends you know. In this picture they are in their familiar roles of Mike and Louis. Tonight Helen Holmes will be seen in the thirteenth episode of "A Lass of the Lumberlands."

IS EASY SAYS HURTY.

Indianapolis, Ind., March 22.—Three meat sandwiches and three pieces of pie a day for each person would make it possible for Germany to conduct her war for years as far as the food question is concerned, according to Dr. J. N. Hurty, secretary of the state board of health. "Germany's cry is for food with oil and fat in it," said Dr. Hurty. "Both oil and fat can be found in a sandwich and other food necessary is in pie."

After an Electric Shock.

An effective means of resuscitation after an electric shock is said to be a sharp blow on the soles of the feet without removing the shoes. In all cases, however, it is necessary to pull the tongue from the throat, as the action of the current is to cause a contraction of the muscles, and the tongue is drawn back into the throat, completely sealing the air passage. Part of many first aid equipments consist of a device which will grasp the tongue and hold it in a distended position so that the throat is open to permit of artificial respiration.

The first division of the Watson class will serve hot lunch in the room east of Aldridges grocery store, beginning at 11 o'clock, Saturday, March 24th.

WATSON DOES NOT EXPECT ACTUAL WAR DECLARATION

Continued from Page 1.

Congress are not playing party politics."

As to the international crisis Senator Watson said:

"There will be as much war as there can be. It will be on the sea—to keep our sea lanes open. I don't think we will have to send any men over there, but it will be a war on the sea."

The senator was strong in his convictions that the country should be united to show Germany that no advantage of internal differences might be presented to any foe of the United States.

PETITION FOR DRAINAGE

STATE OF INDIANA, RUSH COUNTY, SS:
Rush Circuit Court, February Term, 1917.
In the matter of the petition of Mertie M. Conaway et al. for drainage.
To Mrs. Eberhart Miller, Samuel S. Moore, Charles Phillips, Fannie Moore, Mrs. Matilda M. Moore, John A. Eaton, Albert N. McMichael, Mrs. Sarah McMichael, Phoebe A. Phillips, James W. Northam, Floyd Woods, as trustees in said drainage, Rush County, Indiana, Sarah E. Mull:
You are hereby notified that the undersigned have filed in the office of the Clerk of Rush Circuit Court, a petition asking for the drainage of certain lands in Rush County, Indiana, said petition is in the words and figures as follows, to-wit:

STATE OF INDIANA, RUSH COUNTY, SS:
Rush Circuit Court, February Term, 1917.
Mertie M. Conaway et al.
Petition for Drainage.

The undersigned represent and show that they are the owners of the real estate hereinafter described and set opposite their names in Rush County, Indiana. That said real estate will be benefited by said drainage. That said drainage cannot, however, be accomplished in the best and cheapest manner without affecting the lands of others. These petitioners would further show that the proper work in connection with said drainage will affect the following described tracts of land in Rush County, Indiana, which said tracts of land are owned by persons hereinafter named. The names of said owners and descriptions and amounts owned by each set opposite their names, being respectively as follows, to-wit:

MERTIE M. CONAWAY—The northwest quarter of Section 26, Township 14, Range 8, containing 160 acres, except 100 acres off of the entire north end, containing 60 acres. The northwest quarter of the southwest quarter of Section 26, Township 14, Range 8, containing 40 acres. Part of the northwest quarter of the southeast quarter of Section 26, Township 14, Range 8, containing 5 acres.

SAMUEL S. MOORE—Part of the east half of the southeast quarter of Section 26, Township 14, Range 8, containing 15 acres.

JOHN A. NELSON—The northeast quarter of Section 26, Township 14, Range 8, except 30 acres off of the entire north end thereof containing 30 acres.

CHARLES PHILLIPS—Part of the southeast quarter of Section 27, Township 14, Range 8, containing 5 acres.

FANNIE MOORE—Part of the northwest quarter of Section 25, Township 14, Range 8—25 acres.

MARTIN MILLER—Part of the northwest quarter of the southwest quarter of Section 25, Township 14, Range 8—10 acres.

MRS. MATILDA M. MOORE—A part of the east half of the southwest quarter of Section 26, Township 14, Range 8, containing 15 acres.

FRANK WORTH—Part of the south half of the east half of the southwest quarter of Section 26, Township 14, Range 8—5 acres.

EPHRAIM C. LINVILLE—Part of the east half of the southwest quarter of Section 26, Township 14, Range 8. Part of the west half of the southeast quarter of Section 26, Township 14, Range 8—12 acres.

JOHN A. EATON—Part of the west half of the southeast quarter of Section 26, Township 14, Range 8—60 acres.

ALBERT N. MCMICHAEL—North half of the east half of the northwest quarter of Section 35, Township 14, Range 8—30 acres.

MRS. SARAH MCMICHAEL—Part of the west half of the southwest quarter of Section 26, Township 14, Range 8—50 acres.

PHOEBE A. PHILLIPS—Part of the south half of the east half of the southeast quarter of Section 27, Township 14, Range 8—8 acres.

JAMES W. NORTHAM—North half of the west half of the northwest quarter of Section 35, Township 14, Range 8—40 acres. Part of the south half of the west half of the northwest quarter of Section 35, Township 14, Range 12—5 acres.

POSEY TOWNSHIP, Rush County, Indiana—The highway running east and west on the section line between sections 26 and 35, and Sections 27 and 34, all in Township 14, north, Range 8 east.

JOSEPH HARDIN—The east half of the west half of the southwest quarter of Section 23, Township 14, north, Range 8, east—40 acres.

SARAH A. CARR—The west half of the east half of the southwest quarter of Section 23, Township 14, north, Range 8 east—40 acres.

HARRY COLLINS—The east half of the east half of the northeast quarter of Section 22, Township 14, north, Range 8 east—40 acres.

SARAH E. MULL—Part of the north half of the northwest quarter of Section 26, Township 14, north, Range 8 east—13 acres.

These petitioners further show that a certain highway running east and west on the section line between sections 26 and 35 and Sections 27 and 34, all in Township 14, north, Range 8 east, will be benefited by said proposed drain.

These petitioners would further represent and show that they believe the proposed work can be accomplished in the cheapest and best manner by a ditch and drain beginning at a point which is 45 rods east and 66 rods south of the northwest corner of the west half of the northwest quarter of Section 26, Township 14, Range 8; thence in a southerly direction about 94 rods to the south line of said northwest quarter section; thence in a southeasterly direction to a point which is 35 rods and 12 1/2 feet south of the south line of said quarter section and on the dividing line between the land of Phoebe A. Phillips and Mrs. Sarah McMichael; thence east 5 rods; thence south parallel with the east line of the lands of Mrs. Sarah McMichael to the south line of the southwest quarter of said section. Township 14, north, Range 8, a distance of about 125 rods. Said point of intersection at the south line of the southwest quarter being a point 15 rods west of the southeast corner of said southwest quarter of Section 26, Township 14, Range 8; thence south a distance of about 160 rods, across the west half of the northwest quarter of Section 35, Township 14, Range 8 to a point where the Beaver Meadow ditch empties into Little Blue River; said drain in all about 420 rods in length.

These petitioners would further show that they believe the cost and damage and expense of such drainage will be less than the benefit which will result to the owners of the land likely to be benefited thereby.

Wherefore these petitioners pray the Court that said ditch may be established as provided by law.

MERTIE M. CONAWAY,
JOHN A. NELSON,
MARTIN MILLER,
FRANKLIN WORTH,
J. E. HARDIN,
E. C. LINVILLE,
HARRY COLLINS,
SARAH A. CARR.

Titworth & O'Neal, Attorneys for Petitioners.
You are hereby further notified that said petition will be docketed for hearing in the Rush Circuit Court, on the 16th day of April, 1917.
Dated this 20th day of March, 1917.

Value of Merchant Marine.

Once upon a time there was a fight in congress for a merchant marine. Senator James E. Watson, then a congressman, was a leader of the element who favored a merchant marine and so ardently did he espouse the principle that his enemies called him "Subsidy Jim."

But in how much better condition we as a nation would have been to wage a war on the high seas, had we heeded the advice of Senator Watson and his following! That was a decade ago but the merchant marine senators and congressmen foresaw just what is this day happening. Our rights are trampled under foot on the seas and we have been unable to uphold them because the whole world knew that we were and still are lamentably weak on naval strength.

With a good merchant marine, the United States would not only have been many misguided statesmen go-haul our own exports and imports, but we would have many vessels at our command just now which could be converted into war ships and used to defend our rights.

A big navy has ever been the need of the United States with its thousands upon thousands of miles of coast line to defend, yet there have been many misguided statesmen going to congress who have been sung to sleep by the false songs of the pacifists. Our own former congressman, Finly Gray, was known as a "little navy" man and fought with all his power to keep down battleship building to the minimum and he and his colleagues were fairly successful. Congress has been discussing a navy that would be second to none since the European war began, but we are practically as helpless on the sea today as we were then. It is true that there is now a big navy building program, but we do not want vessels next year and two years hence, but now when war impends and may be a possibility within two or three weeks. In fact, there are those who believe we are now in a state of war with Germany.

Universal Service.

A year ago only a handful of people could be found who were in favor of universal military service. Now the man who opposes such service comes from rural districts. But essentially a fair minded people when facts are brought forcibly to their attention, and this fact has been amply exemplified in the tremendous change of national sentiment regarding universal service. Daily papers of the great cities assert that the principal objection to universal service is wrong. Young men of our own community are on a par with those of other rural districts, and yet we unhesitatingly assert that no where in this broad land will be found a more unified or patriotic sentiment than that which exists in the hearts of our own young men. If the best interests of the country de-

mand that each one, rich and poor alike shall serve his 11 months in a training camp, then when the time comes we will find them stepping briskly to the front, with heads erect and eyes upon the flag of freedom. There will be no shirking, or quibbling, or hanging back on the part of our young men.

It's Different Here.

The German Government plans to loan several hundred million marks to shipowners, on easy terms, with a view to restoring the German merchant fleet after the war. A man who would suggest such a thing in the United States would be hooted into hermitage, but the proposition to appropriate \$50,000,000 to be handled by a shipping board in purchasing ships for Government operation by a handful of tyros whose straightest course would be steered to Davy Jones' locker, went through after a bitter fight, and the shipping commission having been appointed, like old Bre'r Rabbit, is "jes loungin' roun' and sufferin'."

About the only thing that will protect the potato planter from indictment this year for destroying currency, is the fact that spuds do not as yet bear the government stamp.

The secretary of agriculture says there is no food shortage. The secretary is a gentleman, but if he will examine the larder he will learn that he is the biggest liar this side of purgatory.

La Viuda Que Anuncie.

The man who didn't advertise
Was dead—extremely dead.
His widow placed (of mammoth size)
A stone above his head.

She put his name upon the same
In letters large and fair,
To tell the eye of passersby
Her Man was sleeping there.

Folks thought her sorrow must be great
To raise this monument—
They did not know (she did not state)
Her actual intent.

One day there came a former flame;
He read; then soothed her sighs;
And, as she wept, she softly said:
"IT PAYS TO ADVERTISE."

TODAY'S HOOSIER ODDITY

Nashville, Ind., March 22.—It takes two days for United States mail sent here to be delivered at Story, Ind., eight miles away. The mail travels 100 miles, going through Indianapolis, Columbus and is carried by rural carrier from Columbus. The postoffice department has ordered a new mail route established, to go into effect April 1.

FURTHER PROBE LIKELY

Connersville, Ind., March 22.—Further consideration of the death of Russell Joseph Hilbert by the grand jury, is considered probable following the report of experts that final tests prove conclusively that the boy died from strychnine poisoning. The child's father and step-mother were held for several days in connection with the death but a grand jury investigation failed to return an indictment and they were released.

Theodore Heeb was a business visitor in Indianapolis today.

DISMISSED FROM THE PRESBYTERY

The Rev. Reuben Emery Resigns as
Pastor of Presbyterian Church
at Newcastle

DIFFERENCE WITH MEMBERS

Home Missions of Presbyterian Are
Also Considered at Called
Meeting Here

A called meeting of the White-water Presbytery of the Presbyterian church was held at the First Presbyterian church here yesterday and the resignation of the Rev. Reuben Emery, pastor of the Presbyterian church at Newcastle, was accepted and he was dismissed from the Presbytery. The dismissal was due to differences between the pastor and members of his church.

The Rev. M. Emery will preach his last sermon at Newcastle Sunday and will probably move to Brownsburg where he will take up another pastorate. The Newcastle Courier says members of the church declared the Rev. Mr. Emery had not carried out his contract concerning the two Presbyterian missions in the northern part of Newcastle. They asserted he was not in sympathy with the missions and failed to give them proper attention. Other difficulties were reported to have existed.

The Courier further says that the Rev. Mr. Emery refused to make any statement concerning his resignation or reasons for it, saying that anything he would say would be detrimental to the officers of the church.

In addition to taking action in regard to the Rev. Mr. Emery, the Presbytery yesterday considered home missions.

The ministers attending were: the Rev. Mr. Whitenack of Knights-town; the Rev. Mr. Hook of near Greensburg; Dr. W. H. Reynolds, pastor of the First Presbyterian church at Greensburg; the Rev. Mr. Emery of Newcastle and the Rev. D. Ira Lambert and the Rev. F. B. Stearns of this city.

Elders present were: Dr. C. E. Canady of Greencastle, Mr. Livesey and E. C. Green of Newcastle, Judge David L. Wilson of Shelbyville and J. L. Cowing of this city.

INVESTIGATOR IS SENT TO CHICAGO

Will Dill Leaves to Make Inquiry
About Factory Propositions
Following Meeting

COMMITTEE VERY HOPEFUL

Will Dill has gone to Chicago to investigate several factory propositions which have come to the attention of local boosters. He went yesterday following the meeting Tuesday night of the special committee appointed from the Rush County Business Men's association to co-operate with Mr. Dill and John Crowley in locating a factory in Rushville. The committee was appointed at a banquet at the Windsor hotel Monday night and was scheduled to meet last night, but the time was changed for the convenience of some of the members of the committee.

The committee heard from some very promising opportunities in factory location Tuesday night and resolved to send Mr. Dill to Chicago at once to see if any of them were equal to what they appeared to be. The committee today was very optimistic and hopeful of bringing to Rushville a good, stable industry.

A series of protracted meetings will start Sunday evening at the Pleasant Ridge M. E. church. The services will be in charge of the pastor the Rev. T. J. Anthony of Arlington and he will be assisted by Mr. and Mrs. Lewis Booher of Boswell, Ind. Mrs. Booher is well known in that community as she was formerly Miss Nellie Gully of Manilla.

The noon lunch which was to have been served by the members of the Ladies Musicales in the room formerly occupied by the Polk hardware store on Saturday, March 31, has been postponed one week and will be held instead on April 7.

THREE MEN NAMED TO APPRAISE LAND

Dewitt C. Buell, S. B. Anderson and
William Dagler to Fix Value
for School Purposes

TO BE SITE FOR NEW BUILDING

Judge Sparks today appointed Dewitt C. Buell, S. B. Anderson and William Dagler appraisers to appraise the land of Thomas Sullivan and Alva Webb desired by Rushville school township for school purposes. The viewers are to report within five days.

The township desires about one and one-quarter acres for both Sullivan and Webb and with the present site of the Webb school will combine the tracts for the location of the new \$35,000 consolidated building. The appraisers will fix a value and report to the court. A commissioner will then be appointed to make the sale.

As soon as the land is acquired the township will then be ready to erect the building. It is likely that some bonds will have to be sold to erect the building.

WHAT-YOU-MAY COLUMN

BY "G.M."
Chicken Croquettes.

The chicken croquette is a mongrel mixture miscelated food. It wears a sawdust mask to hide its real identity.

Chicken croquette is just a restaurant proprietors' excuse for using up scraps he would otherwise throw away. There's about as much chicken in it as there is in a chunk of chilled steel. It is glorified hash of the worst type.

It sits around in cones, looking like a Fourth of July snake. You know, the kind you touch a match to and the snake boils out.

But don't ever try to boil anything out of chicken croquette. The chances are ten to one you'll produce worse things than snakes.

The chicken croquette is enough to make a self-respecting hen ashamed of herself.

Again Let Us Ask You Why not a Maxwell in preference to any other car of its price and class?

The Maxwell will run more than five thousand miles on one set of tires.

The Maxwell will operate at a speed of fifty miles per hour, and 20 to 25 miles per gallon of gasoline.

The steering gear on the Maxwell is sure.

The brakes on the Maxwell are fine.

The springs on the Maxwell have been lengthened, making the car much easier riding this season.

The seats have been widened, giving more comfortable room. There is nothing to buy for the Maxwell afterward.

Maxwells are all fully equipped with electric starters and steady lights, need no shock absorbers, have a speedometer, have the same size tires on all four wheels and are a pretty car to look upon.

It is a car that will go anywhere any other car can go. We openly challenge any other car of its class to do anything the Maxwell will not do.

Come around and compare the Maxwell in its price with all others.

Possibly there is something new on the car you do not know of. We believe we can explain several things you do not know about the nicest little car that travels the roads.

Touring \$650. Roadster \$635.

28 GERMAN SHIPS IN BRAZIL PORTS

In Case of War With United States These Might Turn Commerce Raiders.

TOTAL TONNAGE 110,000
Are Free to Leave Harbors at Will—Are Guarded by Brazilian Fleet.

BY R. B. ROBERTSON.
(U. P. Staff Correspondent.)
Rio de Janeiro, March 1.—(By Mail)—There are twenty-eight German merchantmen interned in this and other Brazilian ports today which, rumor has it, would become raiders of American shipping in case of war between the United States and Germany.

These ships total about 110,000 tons and are valued at \$4,000,000. Half of them are in this port and the other scattered about other Brazilian ports.

With two exceptions all these ships are at liberty to put to sea at any time. Ever since Brazil's protest to Germany over the submarine blockade, attention has been focused on the German ships by persistent stories that several of the interned steamers were waiting a favorable moment to make their escape.

Anchored in an open part of the bay, well under the surveillance of the harbor's forts and the Brazilian fleet, these fourteen ships form a listless and desolate group.

Of the ships interned here the "Sierra Salvada" is the largest with 4,951 tons net register. The others are the "Edenberg" (2,782 tons), "Cap Roca" (3,690 tons), "Coburg" (4,200 tons), "Hohenstaufen" (4,086 tons), "Roland" (4,255 tons), "Henriette" (1,921 tons), "Alrich" (4,265 tons), "Carl Woermann" (3,490 tons), "Posen" (4,094 tons), Gertrude Woermann (3,969 tons), "Arnold Ansinck" (2,896 tons), "Etruria" (2,885 tons), and the "Franklin" (3,223 tons).

Besides these there were the "Maunsa" (3,733 tons) which entered on August 19th, 1914, but sailed a few days later for Buenos Aires and is at present interned in Chile, and the "Prussia" which entered August 20th, sailed for Santos five

days later and did not arrive at that port for a month in spite of the fact that it is but a day's trip. An inquiry undertaken by port authorities for the purpose of finding the cause of this mysterious month's disappearance did not establish any definite results. It's an easy guess however that the "Prussia" did not risk capture by British cruisers on a mere pleasure trip and that some raider ship benefited in supplies during her disappearance.

Another ship that broke the monotony of interment by venturing into open was the "Edenberg," which after twenty days of lying idle sailed for Santos, where she never arrived. One month later the "Edenberg" returned calmly to Rio, dropped her anchor and landed the crew and passengers of the "Indian Prince" which had been sunk by the German cruiser "Kronprinz Wilhelm," which interned later in a North American port. For this adventure the "Edenberg" was ordered under guard by the Brazilian government.

Outside of the "Prussia" and the "Edenberg" any of the interned German ships have the right to leave the harbor at will.

L. E. BROWN WILL HOLD REVIVAL HERE

Connersville Pastor-Evangelist to Conduct Pre-Easter Services at Christian Church.

TO CONTINUE FOR TWO WEEKS

The Rev. L. E. Brown, pastor of the Christian church in Connersville and an evangelist and lecturer of wide experience and reputation will begin a revival meeting in the Main Street Christian church next Sunday evening and will continue for two weeks, or until Easter Sunday.

The meeting will be a pre-Easter meeting such as will be held in many of the Christian churches throughout the country at this time. The local pastor and people are expecting a most enthusiastic and helpful ed for Santos where she never arrived. A month later the "Edenberg" a pastor-evangelist as Mr. Brown is. Homer Cole will conduct the music with the help of a large chorus choir.

HEADS NEW BUREAU.

Why your window shades show cracks and pinholes

It is a *hidden* weakness—this cause of cracks and pinholes—a certain great fault of the ordinary type of shade material. What it is—and how you can avoid it—is clearly revealed above.

Note, first, photograph No. 1—a sample of the ordinary shade material in unfinished state. Its surface has been lightly scraped with a knife. Here is exposed the great hidden weakness of the ordinary shade.

See what has happened! The scratching has loosened a quantity of chalk and clay filling, revealing the coarse muslin cloth beneath. Under the strains of daily usage, this "filling" falls out leaving a "mess" of cracks and pinholes.

Now, note photograph No. 2—a sample of BRENLIN UN-

FILLED shade material in the same unfinished state. Observe that it consists purely of a fine, closely woven cloth—that it contains not a particle of chalk, clay or any other filling.

What is the result? In the Unfilled Grade of Brenlin has been perfected a material that really *resists* the constant strains of hard daily usage—that the hottest sun cannot fade, nor the inbeat of water spot. It is supple—not stiff, yet cannot bag, sag or wrinkle; *wears twice as long* as the ordinary kind, because from it has been eliminated that filling which is the greatest weakness of the ordinary shade.

Come in today and let us figure on the Unfilled Grade of Brenlin for your shades. We can supply it in tones for every color scheme.

FAVORS EVANSVILLE AS A COLLEGE SITE

M. E. Conference Adopts Resolution Suggesting Removal of Moores Hill on Conditions

PROVIDES MORE ENDOWMENT

At a special meeting of the Indiana Conference of the Methodist Episcopal church yesterday in Indianapolis resolutions were passed favoring the removal of Moores Hill college to Evansville providing Evansville will raise \$500,000 and provide a site of not less than fifty acres, and under the condition that the conference itself raise the sum of \$500,000. The recommendations were made to the board of trustees of the college and future action is up to them.

This would give the college an endowment of \$1,000,000 to start with and would be sufficient to insure a success of the removal. Seymour also sought to have the college located there. The Rev. W. M. Whitsitt, pastor of the St. Paul's M. E. church of this city attended the meeting of the conference.

DRAWING DEADLY WEAPONS

Daniel Corya of Arlington Arrested on Affidavit by Charles Phillips

Daniel Corya of near Arlington was arrested yesterday afternoon on a charge of drawing deadly weapons filed in the circuit court by Charles Phillips. Corya obtained bond in the sum of \$100 and was released by Judge Sparks. Phillips alleges that Corya pointed a shotgun at him.

The Ladies Aid society of the Second Methodist church will serve a turkey supper at the church tomorrow evening.

Catarrh

Relieved in one minute. Get complimentary can of Kondon's from factory. Or buy a 25 cent tube. If it doesn't do you \$1 worth of good in a jiffy, you can get your 25 cents back from the druggist or from the Kondon Mfg. Co., Minneapolis, Minn.

Use some quick. For colds, catarrh, coughs, nasal headaches, etc. Be sure it's the kind used by 50 million Americans—Do This Now.

John Nipp spent the day in Indianapolis on business.

The Little Flatrock Mission Band will meet Sunday morning in the church at 11 o'clock. All members are requested to attend.

About twenty members of the Band of Workers of the First Presbyterian church attended the meeting held at the church yesterday afternoon. Several matters were brought up during the meeting and the majority of the time was given over to planning for affairs in the future.

When Miss Bertha Helm entertained the members of the Wednesday Afternoon Club yesterday, an extra table was also entertained making three tables in play. Bridge was the game of the afternoon and following the games, the hostess served a dainty luncheon. Miss Clara Haydon and Miss Bess Cleveland of Lexington, Ky., were among the players.

All of the active members of the Musicales, who are vocal members, are asked to attend the rehearsal of the chorus to be held in the assembly room of the court house on Saturday evening at 7 o'clock. The rehearsal is to prepare for a number to be given April 2, at the meeting to be held for the Connersville Musicales. All those who are vocal members and do not take part in the chorus will be fined the regular club fine.

A very interesting meeting of the Woman's Missionary society of the United Presbyterian church was held at the home of Mrs. S. H. Traub yesterday afternoon. The program was an unusually interesting one with a review of an article on home missions by Mrs. H. H. Elliott and a class discussion of foreign missions as outlined in the book, "World Missions and World Peace." A short business meeting followed the program. Dainty refreshments were served by the hostess.

There was a very good attendance at the meeting of the Loyal Daughters class of the Christian Sunday school held at the home of Mrs. Charles Brown in East Second street last evening when she was assisted in entertaining by Mrs. Fred Brown, Mrs. Theodore Abercrombie, Jr., and Mrs. Ernest Church. The principal part of the business meeting was taken up with the reading of reports from the social committee, the visiting committee, and other important committees in the class. During the latter part of the affair, the members engaged in fancy work and a social good time while refreshments of date pudding, whipped cream, and coffee were served by the hostesses.

Dr. Harlow Lindley, a professor of Earlham college, is to be the principal speaker at the district convention of the Franchise League to be held here Saturday. Dr. Lindley's talk will be on the constitution and will probably be followed by a discussion. Esther Griffin White of Richmond, chairman of the district, is to have charge of the meeting which will include a meeting of the county chairmen of the Franchise League in the morning in the court house and a program following the luncheon at the Windsor hotel on Saturday at 1 o'clock. Dr. Lindley's talk will furnish an unusual opportunity, aside from the sociability of the occasion, for the women of the county interested in suffrage and the coming constitutional convention to learn the facts concerning them. He is unusually well fitted to speak on this subject, being a member of the state historical commission, and is said to be a very good speaker. All of the women of the county and city who are interested in suffrage are urged to attend the luncheon and hear the program which is to follow. The tickets are fifty cents and those expecting to attend must notify Mrs. A. L. Gary or Miss Mary Sleeth this evening.

An elegant two course dinner was served at the Masonic temple last

evening to about sixty Knights Templar. Preceding and following the service of the dinner, the temple degree was conferred upon a number of candidates.

Mrs. Link's Bible class will meet Friday afternoon at 2:30 o'clock at the home of Mrs. George Looney, Jr., in North Main street. The lesson is from the second, third and fourth chapters of Ruth.

Kathryn Blount was leader of the program at the meeting of the Dunning Study Club held at the home of Mrs. Will Meredith last evening. The members of the advanced Dunning class were invited guests and enjoyed the excellent program furnished by the little folks. Dainty refreshments were served.

Miss Elgie Thomas and Miss Ellen Vickrey entertained the members of the class of the St. Paul's M. E. Sunday school taught by Miss Ellen Vickrey at the home of Miss Thomas last evening. Plans were made for raising the money for the Easter offering for the Sunday school. Several other matters were brought up during the business session, after which several beautiful Victrola records were played and refreshments of hot chocolate and wafers were served by the hostesses. Fourteen members of the class were present at the pleasant gathering.

Fifteen members of the Psi Iota Xi sorority attended the meeting of the sorority last evening held at the home of Miss Marie Clawson in West Seventh street, when Miss Clawson was assisted in entertaining by Miss Gladys Bebout. During the business session, several reports were given and it was decided to hold a rummage sale on Saturday, March 31. Decision was made on several other business matters and a social hour followed when the hostesses served a tempting one course luncheon. The place of the next meeting is undecided, although it will be held in two weeks.

Leonard Booth was the guest of honor at the dinner party given last evening by Mrs. Booth at their country home south of the city when the twenty-ninth birthday of Mr. Booth was celebrated. The entire affair was a surprise to him and was cleverly carried out without his knowledge until the guests arrived. They were seated about a long table which was decorated with yellow and white, the scheme being suggested in the center bouquet of yellow jonquils and other decorations on the table. A sumptuous three course dinner was served and following its service, the gay company played Rook and had a general good time. In the party were Mr. and Mrs. Clifford King, Mr. and Mrs. William Anderson, Mr. and Mrs. Cliff Winship, Mr. and Mrs. John Booth, Earl Morris, the Misses Mary Hungerford, Lois Anderson and Mildred Booth.

When Howard Warner celebrated his twentieth birthday on Tuesday, his parents, Mr. and Mrs. Wilbur Warner gave a delightful informal dance for him in the evening. For the affair, the home was prettily decorated. During the course of the social evening, some of the guests danced while others engaged in the games of Rook that were in progress. Late in the evening, refreshments of pie, cake and coffee were served. The guest was the recipient of a number of appropriate gifts. Guests of Mr. and Mrs. Warner were Mr. and Mrs. Alva Webb, Mr. and Mrs. Noah Tryon, Mr. and Mrs. Jesse Hungerford and family, Mr. and Mrs. Claude Hilligoss and family, Mr. and Mrs. Calvin Hungerford and family, Mr. and Mrs. Wilford Groecox, the Misses Beatrice Bagley, Harriet Halterman and Hattie Emmons, and Newt Halterman, Carl Bennington, Ed Shields of Knightstown, Herman Irvin, Omer and Arthur Bowles. Music was played throughout the evening by Omer and Arthur Bowles.

The members of the Women's Relief Corps spent a very pleasant day together at an all day social yesterday held at the home of Mrs. Matilda Young in West Seventh street. Each of the members aided in the preparation of the bountiful dinner which was served at noon. During the afternoon, they completed the making of a quilt.

The rooms in which the guests were entertained were beautiful with potted flowers.

Very timely is the pretty "spring" party being given this afternoon for the members of the Social Dozen by Mrs. Merrill Ball at her home in North Morgan street. At the conclusion of the regular social and agreeable club meeting, a delicious luncheon was served in the dining room which presented a picture of spring. Daffodils formed the attractive center bouquet on the table, and butterflies and blue birds floated about the room and over the table. The place cards, too, bore airy little butterflies. Mrs. Fred Caldwell will have the next meeting of the club.

Tomorrow evening, Mr. and Mrs. Ball are entertaining several friends at a dinner party and in Saturday evening, Mrs. Margaret Ball is giving a dinner for a dozen of her girl friends.

Miss Anita Conte a native of Italy, who is now teaching French and Italian in the Conservatory of Music in Indianapolis, is to deliver a course of three lectures here during this and next month on different phases of the city of Venice, where for many years she made her home. The lectures are to be given in the high school assembly room on March 28, April 11, and April 25, and tickets are on sale from any members of the Shakespeare Club. The course of three lectures will be fifty cents.

Miss Conte is of particular interest here inasmuch as she is a personal friend of Miss Henrietta Coleman, Miss Helen Scott and Miss Genevieve Brown and was their guide through Venice when they were abroad. Taking as her subject her native city which is such an interesting one from many standpoints, Miss Conte is particularly well fitted to speak. The subjects of the three lectures, each of which will be illustrated with stereopticon slides, as they are to be given as "The Queen of the Adriatics;" "Masters and Masterpieces of Venice;" and "Venice from a Gondola." In the later lecture, Miss Conte's sister will sing several numbers.

The F. R. S. Club was most delightfully entertained yesterday afternoon and evening by Mr. and Mrs. P. A. Newhouse at their well known maple orchard near the city with a maple "stir off" and "taffy pulling" which were followed in the evening by a "chicken roast." About three o'clock, the merry crowd began to assemble, the pots were put to boiling the delectable syrup, a bushel of potatoes was laid in the ashes to bake, the chickens were put before the fire to roast and by the time the jovial crowd was gathered everything was in readiness for the feast. The tables were filled with the best the land affords. After the supper, there was a continuous round of fun-making, playing games, popping corn over the coals, telling reminiscences and relating stories until 9 o'clock, when the company of friends left for home. Those assembled in this social manner were Mr. and Mrs. P. A. Newhouse, Mr. and Mrs. G. P. Mauzy, Mr. and Mrs. Joe Bishop, Mr. and Mrs. W. C. Bishop, Mr. and Mrs. G. P. McCarty, Mrs. Ed Bell and son, Cassell, Mr. and Mrs. Rice Bishop, Mr. and Mrs. J. A. Parrish, Miss Ollie Parrish, Mr. and Mrs. O. C. Norris, Mr. and Mrs. Thomas McCarty and daughter, Leland, Grover Tearn and family, Mr. and Mrs. Dick Stevens, and Chester Stevens.

This old camp known as the "Cline" camp has been a popular resort during the maple seasons for more than 60 years. Chickens have been roasted, taffy made, and last

Announcing Our New Lorophone

A High Class Musical Instrument
At a Reasonable Price

You, of course, will want to get the best phonograph for the amount you decide to spend. The LOROPHONE, with its rich, pure tone and splendid qualities will appeal to you strongly.

This instrument is constructed along new and exclusive lines. It is perfect in mechanical detail, unequalled in purity of tone, and beautiful in design and finish.

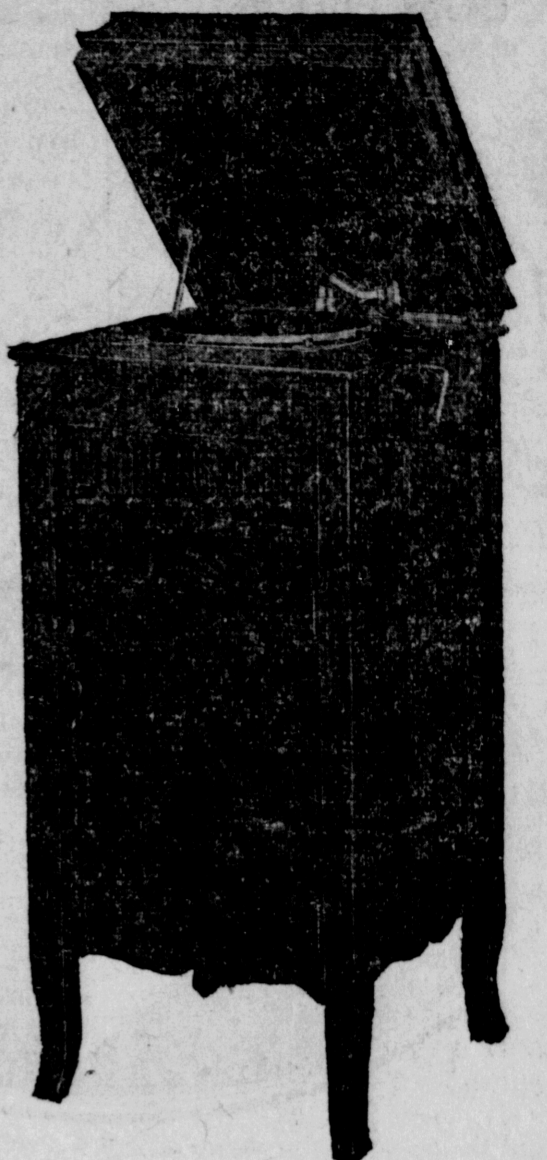

The LOROPHONE has TONE QUALITY—it exactly reproduces the human voice. The reproducer has exclusive features which soften the tone and eliminate, to a large degree, the scratching of the needle on the records.

It reproduces from all styles of records with equal perfection. The vertical cut records such as Edison, Pathe, Etc., can be used as well as the lateral cut, such as Victor, Columbia, Guardsman, etc.

We are showing this machine in several finishes, solid mahogany, golden oak and fumed oak. The record filing cabinet is of ample capacity.

The style is shown in the above cut, equipped with universal tone arm.

The model shown in cut is a wonderful instrument at the reasonable price of \$55.00. The LOROPHONE compares very favorably with higher priced instruments.

A DEMONSTRATION WILL CONVINCE YOU
THAT YOUR HOME IS NOT COMPLETE
WITHOUT A LOROPHONE

THE MAUZY CO.

Spring Style Hints

A touch of bright color is gained by wearing a bead chain dangling from the neck and ending in a silk tassel.

Shaggy effects in fur and are very fashionable.

Cuffs are not so important as they were, and you may or may not have the bottom of your sleeves finished with one.

The new coat sleeves have such deep armholes and are so broad and straight cut that they are almost like kimono sleeves.

The Paisley design is used in every way. Petticoats are made of it. Jewelry, many linings, bathing suits and even the maids' apron.

Take your old broadcloth suit and make it into a pretty frock by combining it with a figured silk and fashioning it from one of the pretty peplum designs.

The new premet chemise tunic falls straight from the shoulder and is girdled very loosely. It is long in the back and cut off straight across the knees in front.

evening was a repetition of many good times that have been spent there. The camp is interesting because of many well known people of the county who had been entertained there among them, Prof. Graham, Mrs. R. A. Moffet, Mrs. Laura Bodine, Dr. Marshall Sexton, Judge Cullen, Pink Talbert and many others.

Catching Cold

Between the dances, in the usual poorly ventilated, hot, stuffy, over-heated hall, you seek a cool spot—usually near a draft. Later you go out into the penetrating night air, possibly not as well protected as usual and as a result you catch cold—these colds often lead to more serious illness.

At the first sign of a cold—feverish, sluggish, stuffed-up, tightness of chest, snuffle and sneezing—go to the nearest drug store and get a bottle of Dr. King's New Discovery for coughs and colds. The fact that this prescription has been used successfully for 50 years is its own recommendation to you. Try it.

PROVIDES NEW REGISTRATION

New Law Creates Special Board
Which Must be Appointed in
Each County of State

FOUR WAYS TO REGISTER

Possible to Qualify for Voting at
Primary or by Mailing or Fil-
ing Blanks With Board

On the closing day of the session the recent legislature passed a bill introduced by Senator Beardsley that means there will be a complete new registration of all voters prior to the special election for delegates to the constitutional convention which will be held on Sept. 13, next. Had not Senator Beardsley's bill become a law the new registration machinery provided by the 1917 General Assembly would not have been put into operation until next year.

Under the provisions of the Beardsley law the registration of voters for the constitutional convention election must be finished by August 13 and as the registration period must cover at least 60 days, this means that the new registration machinery in the various counties of the state must be organized and ready to receive registration blanks by June 13.

Under the provisions of the new registration law boards of registration commissioners must be created in each county in the state and this board must sit in continuous session during the full registration period, Sundays and legal holidays excepted, in a room in the county court house. This board consists of the clerk of the circuit court and two others, named by the chairman of the preceding general election. This board is authorized to employ two clerks named by the chairman of the two leading parties whose pay shall be \$5 a day, and such other clerical assistance as may be necessary to complete the registration of the voters.

Under the new registration law registrations may be filed in any one of four different ways—in person, by messenger, by mail or by depositing the registration blanks, properly verified, with the inspector at the primary election. As there will be no state wide primary this year, the latter method of filing registration applications cannot be used this year.

The Beardsley law was enacted primarily for the purpose of removing all doubt as to whether women should have a full legal right to vote for the delegates to the constitutional convention. Under its operations there can be doubt whatever as to the right of women voters to vote at the municipal elections this fall.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to
Bring Back Color and
Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

GIRL MUST LEAD MAN TO SCAFFOLD

As Deputy Sheriff She Will Deliver
John Hogue to the Hangman on
April 10.

NOTORIOUS AMERICAN CROOK

(By United Press.)
Windsor, Ont., March 22.—Miss Helen D'Avignon, Canadian's girl sheriff, must under the law lead to the gallows and deliver to the hangmen April 10th John Hogue, a notorious American crook now in the condemned row at Sandwich jail for the murder of W. Marshall Jackson, Canadian deportation officer of Winnipeg.

Under the Canadian statute the girl must accept the prisoner from the jailer at the foot of the scaffold, deliver him to the hangman and give the signal for the springing of the trap that will send Hogue to eternity.

The girl, as first deputy, succeeded to the office of sheriff on the death of the sheriff, her father, J. E. D'Avignon, who is said to have died from worry over the fact that he'd have to execute Hogue. Hogue shot Jackson as he was being brought to the Canadian border to be turned over to Michigan authorities on a safe blowing charge.

GUARDSMEN RESTORED.

(By United Press.)
Washington, March 22.—President Wilson has issued an order restoring to their former civil service status all national guardsmen who as a result of border service lost their rating. The men will be restored to the ratings they held at the time of their call to the border. Several thousand men are affected.

"SAVE THE BABIES."

These are authentic quotations from the pamphlet on babies by Dr. L. Emmett Holt of Columbia University and Dr. Henry L. K. Shaw of Union University.

To avoid infection keep the baby's room free from soiled clothes and rubbish. Don't let the baby crawl around on a dirty floor or a dusty carpet. Place him on a clean sheet or blanket. More of this tomorrow.

Records cannot be injured by playing on the Pathephone. See it at Fred A. Caldwell's. 5t6.

County News

Plum Creek.

There were ninety-two present at Sunday school Sunday.

Mrs. James H. Hays is improving from a long illness. Mrs. Belle Hobbs of Dunreith is still caring for her.

The play given at the Gings school one night last week was a great success. The proceeds went to a fund to be used to buy a piano for the school.

Kenarda Jones, who has been sick is reported to be much better.

Mrs. Iva Smalley went to Illinois a few days ago to take charge of a large millinery store. Her parents, Mr. and Mrs. Linnea Hays, accompanied her to Indianapolis.

Mr. and Mrs. Mull Wallace were entertained at dinner Thursday of last week by Mrs. Wallace's parents, Mr. and Mrs. John Nipp, and went on to Newcastle to see the ruins left by the cyclone.

Mr. and Mrs. Robert Bell and Mr.

and Mrs. John Blessinger were guests of Mr. and Mrs. George W. Kemmer the past week.

Miss Elsie Scott was the guest of Miss Hazel Rider the past week.

The C. W. B. M. society held a very interesting meeting at the home of Mrs. Lafe Johnson, with Mrs. James Smith as leader. On account of sickness, all of the members could not be present. However, a very pleasant afternoon was spent. Refreshments were served by the hostess.

A baby boy was born to the wife of Fred Blessinger.

Sumner

Miss Lavohn Foulke of Sheridan, is visiting in this community.

George Willis has been to Sexton's sanatorium, at Rushville, where he underwent a surgical operation for hernia.

The Rev. and Mrs. Wesley McMichael and daughter, Lucile, came to visit at Mrs. Sarah McMichael's, Saturday and returned home, Tuesday.

Miss Erdie Pitts is in a hospital at Indianapolis where she underwent a surgical operation.

Mrs. Mattie Folger and sons, Elvin and Don and daughter, Juanita, of Richmond are visiting at E. C. Macy's.

John W. Zike had a severe attack of the heart, Sunday.

Mrs. Emily Rigsbee returned home from Indianapolis, Tuesday, after spending almost a week there.

Mrs. Sallie Spencer had a stroke of paralysis, Monday, and is very sick.

Mr. and Mrs. Russell Ray have moved into the house lately vacated by Mr. Newhouse.

Elvin, Don and Juanita Folger, of Richmond, and the Misses Freda and Faye Macy were entertained for supper at D. M. Pressnalls, Tuesday.

Mr. and Mrs. Oliver Swain went

Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lock-jaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of freezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.

Just Like New

That's the way your Furs, Curtains, Fancy Waists or anything else that you send us will look when we return them to you.

Our plant is equipped with the latest scientific device for a cleaning service, but still we provide expert hand service for the more delicate and fine things. We use each service where it will give the best results.

With Easter only a short time off, it would be advisable to place your cleaning and pressing order with us as early as possible. Let us help you look nice on Easter.

THE SUBWAY

FOUR TEAMS HAVE CHANCE TO WIN

Race in American League This Year Should be Close With Red Sox Favored.

TIGERS LIKELY CONTENDERS

Jennings' Team Overdue for Pennant—Barry Has Chance to Make Good.

BY H. C. HAMILTON.
(U. P. Staff Correspondent.)

New York, March 22.—This season's journey down the American league schedule should be fully as productive of sensations as was last year's gruelling finish. No less than four clubs are due to be in the fight and the balance is such that the issue probably will not be decided until the season is in its closing month.

Detroit looks to be one team which will bear watching. The Chicago White Sox are strong, the Yankees, refitted with good arms and legs, must be counted in and it would be folly to suppose that even a change in managership could keep the wonderful Red Sox from making an awful bid for the Ban Johnson bunting.

The Tigers have been due to win a pennant for several seasons. Just one thing has hampered them. Correct the faults in the Detroit pitching staff and there will be a baseball club that will tear its way through anything. Imagine a team six and seven runs a day, only to see the opposition come through with just a few more. The offensive power of such a grand machine is lost in the inability of pitchers to hold the opposition to a few runs. With two good pitchers Detroit should win a pennant for its stickmen are able to produce the runs.

The same thing might be said to hold good for the White Sox, but there are good pitchers there. The fault isn't all with the hurlers. The hitters are there to make the runs, and, for a great part of the time, the pitchers are there to do the holding. Comiskey's twirlers lost themselves last summer in the heat of the race, but there is no reason why they should not return. The White Sox need a first baseman and they need him bad. If Gandil can come through the White Sox will develop a dangerously well balanced team.

The Yankees are dangerous; but hardly enough so to be voted a spring pennant. They need more experience as a team, and a trifle more steadiness in the pitching staff.

The Red Sox will supply the enigma for the season. The champions comprise one of the best balanced and best defensive teams thrown together for many years. If the crack doesn't come this year it will be hard to keep them out of another world's championship. A great deal depends on Jack Barry's ability, but the team is so constituted that, if it holds together, most any one could drive it to a flag.

to William Phares home Monday. He is very sick.

Mr. Thayer is sick with pneumonia.

The subject of the Epworth League Lesson, at the M. E. church at Arlington, for Sunday evening, is "Our South American Missions." There will be a missionary program, special singing, recitations, and readings.

Town Improvement

Attracting Trade to Town. (Contributed.)

The town that would grow and prosper must bear well in mind one important fact—it must put forth a determined and united effort to secure and hold the friendship and patronage of the farming interests of the surrounding territory.

Occasionally we find a town which, by reason of manufacturing interests and other causes, is particularly independent of neighborhood support but such towns are the exception and not the rule.

The logical way to secure and hold the loyal support of the surrounding country is by extending a similar loyalty and by putting into practice a real community of interests.

The town that sees only the money to be gotten out of the farmers is due to wake up some morning and find that the farmer trade has been switched to some other point.

What we must learn is that the trade of any section of country will go, first, to the center that makes the best bid; and second, to the place that puts forth an effort, to make conditions pleasant for the traders.

There are many ways in which a town can attract trade, and they are all combined under one general requisite—that we make conditions profitable, pleasant and comfortable for our customers.

Every town of any pretensions should have a place set apart as an assembly room, where customers from out of town can congregate, find shelter from the weather and warmth and comfort in winter. In fact, two such rooms should be provided, one for women and the other for men, and should be fitted with modern conveniences. If the town is not able to maintain two such rooms, by all means give preference to the women, as the men can more easily shift for themselves. It is also a good plan to have these rooms supplied with newspapers and other

periodicals, and many towns are even installing respectable libraries in their rest rooms.

But right at this point is where the plan fails in some towns. The writer has in mind a town which has a splendid rest room, fitted up at considerable expense. But instead of being made a sanctuary for visitors who come in from country and really need the conveniences it affords, it is turned into a meeting and loafing place for all the idle boys and girls of the town, and out town people are not made to feel that welcome which should be theirs. This objectionable feature could be eliminated, however, though an iron clad rule against professional loafers of the town.

Another matter that should claim our attention is to see that every visitor is provided shelter for his team. True, the car has displaced the horse to some extent, but the latter is still largely in evidence in the country districts, and the average man would as soon suffer discomforts himself as to neglect his horse. Some towns have abandoned the old hitching racks and have erected commodious public sheds and barns capable of sheltering almost any number of animals. And they find it pays large dividends.

The main consideration is that we should regard every visitor as a guest and provide for his or her comfort while with us. We must make each one feel that he or she is not only welcome, but that their company is desired and appreciated as well as their business.

Such an effort, systematically put forth, and sustained, will create a feeling of cordiality and friendship that will link the entire community together in indissoluble bonds, and a true community of interests will be maintained.

In order that one may not bear more than his prorata share of the expense of such an undertaking, the expenditures of erection and maintenance should be made from the town funds, and the custodians should be appointed and paid by the local authorities.

Such evidences of thoughtfulness and consideration are bringing rich returns to other towns.

Why not to this one?

HOOSIER PESTS

BY R. SNODGRASS.

(Written for United Press.)

It is almost time for the curtain to rise—the musicians are tuning up—the pageant of spring will soon be on the stage.

But the actors will not be able to perform as they should, unless they are in the best of condition. Your roses, for example, how can they delight you when they are forced to pay their parts while a host of bugs are sapping their vitality.

Look at them now. Perhaps they are covered with those insidious pests the scales. If the stems are incrustated with thousands of round grayish things, it is the San Jose scale; if they are covered with larger white, scabby flakes, it is the rose scale.

But which ever they are, go after them now. The pests can be destroyed and this is the very best time to do it. Get a small hand sprayer and a gallon of lime-sulphate solution. Dilute the latter with six parts of water and spray the stock thoroughly on all sides, before the buds begin to open. Not afterward because lime sulphur will injure the foliage. Oil sprays are just as good as lime sulphur for scales on roses, but you may have other scales in your yard which they will not kill. Lime sulphur, of course, has a very unpleasant smell and will stain white paint. So be careful not to get any more on the house than you can help.

But it is the very best remedy for all kinds of scale insects.

Muncie, Ind., March 21.—Bert H. Whitley, 57, president of the Whiteley Malable Casting company, died this morning following a seven years illness from heart disease. He was reputed to be a millionaire.

COMPANY'S ONLY ASSET GOES BAD

Human Soul Development Company Dissolved When Girl Joins Old Associates.

SHE WAS SENT TO CANADA

Four Business Men Formed Corporation Intending to Educate Her—Turns Down Offer

(By United Press.)

Detroit, Mich., March 22.—The Human Soul Development corporation of Detroit was dissolved today. Its only asset—a little girl, is adrift in Toronto's underworld and the corporation is a failure.

The company was organized a year ago to redeem the soul of pretty 17 year old Christine Nieleon, whom force of circumstances had compelled to the easiest way.

A newspaper story telling how the girl, a waif, was held by federal authorities, caused four well known Detroit business men, Joseph P. Mason, James S. Holden, H. A. Douglas and William McCredie, to meet with Federal Judge Tuttle and form the Human Soul Development Corporation. They were to educate the girl in Canada and start her on the right path in Detroit later.

Christine lived with a minister in Chatham, Ontario, went to school, worked hard and made progress. Then somehow her fellow students learned her history. They sneered. Christine's newly made friends dropped her.

Christine fought a losing fight for months. Then she disappeared. A postal card to the Human Soul Development Corporation from her advised she had obtained employment in Toronto and needed no more help.

A representative of the Corporation found Christine in Toronto's underworld, miserable and despondent. She refused to return. So the Human Soul Development Corporation closed its books.

"SAVE THE BABIES."

These are authentic quotations from the pamphlet on babies by Dr. L. Emmett Holt of Columbia University and Dr. Henry L. K. Shaw of Union University.

It is easier to prevent diarrhea than to cure it. The important preventive means are: Boil all milk in summer, dilute the baby's food in very hot weather, stop the food at once if acute diarrhea sets in. If movements become loose and only two or three a day do not neglect it because the baby happens to be teething; it may mean the beginning of serious illness. More of this subject will be told tomorrow.

Keeps Your Stove Shining Bright

Gives a brilliant glossy shine that does not rub off or dust off—that lasts four times as long as any other.

Black Silk Stove Polish

Is in a class by itself. It's more carefully made and made from better materials.

Try it on your parlor stove, your cook stove or your gas range. If you don't find it the best polish you ever used, your hardware or grocery dealer is authorized to refund your money.

5,000,000 Corns Lifted Right Off!

Try 2 Drops of Magic "Gels-It."

There's a wonderful difference between getting rid of a corn now and the way they used to try to get rid of it only four or five years ago. "Gels-It" has revolutionized corn history. It's the only corn remedy today that acts on the new principle, not only of shriveling up the corn, but of loosening the corn off—so loose that you can lift it right off with your fingers. Put 2 drops of "Gels-It" on that corn or callus tonight. That's all. The corn is doomed sure as sunrise. No pain, or trouble, or soreness. You do away once and for all with toe-bundling bandages, toe-eating salves and irresponsible what-nots. Try it—get surprised and lose a corn.

"Gels-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. Sold in Rushville and recommended as the world's best corn remedy by Hargrove & Mullis and Frank E. Wolcott

KWICK FAT Fattens Hogs Quick

5 POUNDS EXTRA WEIGHT EVERY 30 DAYS OR NO PAY

THINK OF IT—

We do not ask you to take our word and pay your money for Kwick Fat before you know what it is—what it will do for you in the way of increased profit from your hogs. We say to you—Get a bag of Kwick Fat on our 30 days' free trial offer—make a test if you wish, then if your hogs do not show a gain of at least 5 pounds each, extra weight per month, over regular gain, then you need not pay for Kwick Fat. Your scales to be the judge.

A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles for Making a Success of the Home Vegetable Patch.

III—When to Plant Vegetables

The garden specialists of the U. S. department of agriculture divide vegetables into two classes, "warm temperature" and "cold temperature" vegetables. When peach and plum trees are in blossom, they say, it is time to sow in the open ground such seeds as lettuce, radish, parsley, beets, turnips, cabbage, carrots, peas and onions. The wrinkled peas should not be planted until later, as they are more liable to rot in cool ground than are the smooth varieties. When the apple trees bloom, it is time to plant the heat-loving vegetables such as cucumbers, beans, sweet corn, pumpkin and squash. This is an old but excellent rule.

The quickest crop to mature is the radish. Lettuce, turnips, peas, beets, and beans usually require from 6 to 9 weeks, corn from 11 to 13 weeks, and potatoes from 15 to 16 weeks to mature.

Lettuce is to the garden what the hay crop is to the field—always needed, and gives some of the best returns. A rich sandy loam, with sufficient nitrate to stimulate leaf growth and intensify the chlorophyll or deep leaf color of the plant, and a sufficiency of soft water keep the crop crisp and fresh. Much the same plan is practiced with cabbage, except that it does not require so much water.

Beans do not require very rich soil and it is safe to plant them on the very poorest patch. Snap beans may be grown in rows between the orchard trees.

The Lima bean requires a rich,

moist soil, but does not seem to deprive the land of its productiveness. Lima beans have been grown on the same fields in California for many years.

Cucumbers, squashes, and melons require rich soil, and the cucumber profits by the application of fresh horse manure. Sheep manure will hurry plants along more rapidly than most chemical fertilizers.

The specialists believe that if the general principles they have outlined are followed, it will be profitable for almost any one to plant his idle acres this season. They point out that even where the monetary value of the crops raised in the back-yard garden is not important, the garden and his family must credit to the patch the health and enjoyment they gain from this outdoor occupation. They point out that from the community point of view it is the duty of every home owner to keep his place orderly and attractive. The most profitable way of getting rid of a patch of weeds in a back yard is to cultivate it and plant it to some valuable crop, the orderly character of which will add much to the comeliness of the home grounds.

Gardening is an old, old story. It is related that nearly twenty centuries ago Pliny and Elder summed it up in a sentence of just six words: "Dig deep; manure well; work often."

WILL TRY FOR A NEW TREATY

United States Will Seek Change in Russian Commercial Relations.

Washington, March 22.—The American government intends to undertake negotiations of a new commercial treaty with Russia after the new government of that country has been created. The first step came when the Russian ambassador presented to the state department formal notice that a new government had been created—amounting to a request for recognition.

WHOLESALE ARRESTS MADE

Petrograd Advises Say Even Czar is Among Those Detained.

(By United Press.)

London, March 22.—Simultaneously with the announcement of the granting of amnesty to political prisoners the new Russian government began wholesale arrests throughout Russia of those who still maintained adherence to the former government. Even the czar and his family were reported to have been among those ordered detained. In the case of the former ruler his detention, judging from Petrograd advises, is said to be in the imperial palace. At least one high dignitary of the Russian church has been arrested along with a former premier.

WHAT-YOU-MAY COLUMN

BY "GM."
Sausage.

Sausage is a round, fat, unsentimental article of indigestion.

It is the father of all wursts-buck, liver and weinie. Its grandfather is bologna. And its grandmother is more bologna.

Sausage is of two kinds, trammelled and untrammelled. Trammelled sausage wears a thin spring overcoat the year round and comes a la necklace. Untrammelled sausage is sold by the pound and served in solitaires.

Trammelled sausage is wild. That's why it's trammelled. This is evidenced by the fact that it will stand just so much cooking and then it bursts its bonds.

Untrammelled, or tame sausage just sits and sizzles.

No needles to change on the Pathophone, hear it at Fred A. Caldwell's.

We Are Growing Are You?

Money in the end goes into a bank. Why don't you put it there now, instead of letting the next person? The men with whom you spend your income deposit the money. It comes to us anyway; but why don't you put some of it in an account of your own? TRY IT.

SUGGESTIONS OF NEUTRAL MEDIATION ARE SQUELCHED

State Department Says This Will Continue to be Attitude Until Situation Clears

NO OFFERS ARE RECEIVED

President Wilson Begins Work on Message to "War Congress" Which Meets April 2

MANY PLEDGES OF SUPPORT

Among Those Favorable to Aggressive Move are Several of That "Willful Dozen"

(By United Press.)
Washington, March 22.—The state department squelched all suggestions for neutral mediation between the United States and Germany today. This will continue to be the administration's attitude until the state is cleared between Germany and America.

Suggestions that a neutral move towards mediation was proceeding brought from the state department the definite statement that this government is not disposed to parley.

Administration officials, including Secretary Lansing, were frankly displeased at the mediation talk, branding it as pro-German and anti-American.

The state department said it had not received any formal mediation offer besides the several offers made at the time of the break with Germany.

Just who is inspiring the mediation talk was unknown. But there was a suggestion that it might be from German sources, especially since a propaganda move just after the break was directly traced to the efforts of the Swiss minister, Ritter.

President Wilson today began work on his message to the "war congress" of April 2.

Senators and representatives of all political parties were sending pledges of support to the white house.

Among those who are favorable to aggressive action against Germany are several of the twelve men charged by President Wilson with placing the United States in a contemptible light as a result of filibustering in the last congress. Owning to the nature of the present situation it is believed the fight for organization will be short lived in the house. It is probable that some course of action will be agreed upon before April 2.

Even while the president was considering his address the attention of officials was today directed to internal developments in Germany. With reports of serious food restrictions came rumors of a possible peace move from Tentonic forces.

While confident that the entrance of the United States into the struggle will probably serve to shorten the war, officials believe it necessary before any real settlement towards peace might be accomplished.

SEEKS RECOGNITION NEW GOVERNMENT

(By United Press.)
London, March 22.—Counselor Bonar Law again sought recognition for the new Russian government in the house of commons this afternoon.

"It is too soon," he said, "to view with concern the new Russian government's ability to establish itself on a foundation of wisdom and justice, but it is not too soon to send friendly greetings."

"The events in Russia hold the attention of the whole world and remind one of the early days of the French revolution."

75,000 Men Are Needed

Secretary Daniels Today Issues Call for That Number to Stimulate Navy Recruiting Because One of First Acts of Congress Will be to Authorize 100,000 Increase.

NAVY TO BEAR MAIN BURDEN

Washington, March 22.—The navy needs 75,000 men and needs them now. Secretary Daniels announced in an official call for that number today in an appeal to stimulate recruiting.

One of the first requests of congress when the April 2 session begins will be that 100,000 men be authorized as an increase to the navy.

The navy will bear the main burden of the war. While an army undoubtedly will be raised military men say this will not be an overseas army.

Joint control of aviation has been arranged between the army and navy. Training of the aviators will be undertaken along the coast.

There has been no actual call for mobilization of the militia or Atlantic fleet but there were increasing signs that the order would come shortly. Apparently the government is proceeding with plans for co-operation between its navy and the allied fleet.

MORE DONATIONS RAISE RELIEF TOTAL

Sum for Newcastle Sufferers is Increased Today to \$2387.25 by Additional Contributions

MILROY RAISES SUM OF \$171.25

The committee in charge of the Newcastle relief fund announced that the fund would close yesterday, but of course, so long as contributions are being made the committee will accept them and forward them to Newcastle. The sum of \$26 was reported today in small donations and a committee from Milroy announced that they had taken \$171.25 raised in that community to Newcastle. This brings the total raised in the county up to \$2387.25.

The small contributions included three checks from Manila sent to Mayor Bebout. They were from George Wissing and J. M. Wissing, who sent \$2.50 each, and Jacob Wissing, who sent \$10.00. A. N. Williams donated one dollar and three smaller contributions were found in the collection boxes at the Main Street Christian church. They were intended to go with the church fund but were overlooked. These were made by "J. E. C.," \$1.00; Wilbur Stiers, \$1.00; Mrs. Albert Allen, \$2.00.

The last draft has not been sent to the committee and likely will not be until the contributions stop coming in.

MRS. A. E. SAMPLE IS DEAD

Step-Mother of Frank Sample Expires at Knightstown Today

Mrs. A. E. Sample, 70 years old, died today at her home in Knightstown from paralysis. Mrs. Sample was the step-mother of Frank Sample of this city. She is survived by one son, three step-sons, one step-daughter and one brother. The funeral services will be conducted Sunday afternoon at the late residence in Knightstown.

MEANS LIFE-TIME JOB FOR G. P. HUNT

Proposed Order of President Wilson's Will Place Postmasters Under Civil Service

NO TEST TO BE PROVIDED

Those Who Have Conducted Office Satisfactorily Will Get to Hold Places, it is Said

An order is expected to be issued about April 1 by President Wilson which will place all first and second class postmasters under civil service and which will result in Postmaster G. P. Hunt of the local office receiving a life-time job.

This order will mean the elimination of the postoffice from politics and will relieve every representative in congress from the quadrennial task of recommending men for appointment as postmasters. Some time ago a law was planned which would have the same effect as the proposed order, but under the law the postmasters would have been compelled to take a competitive examination. The proposed order would do away with the examination and would give the office to the present postmasters providing the office has been conducted in a satisfactory manner.

Since this is the only qualification there is little doubt that Mr. Hunt will get the postoffice for life or as long as he elects to hold it.

Word regarding the proposed order has been brought back to Indiana by democrats who attended the inauguration ceremonies and while it was handed out by semi-official sources it is regarded as authentic and the order is expected April 1.

It is known that Postmaster General Burleson has written a communication embodying a request that such an order be issued. In the suggestion made by the postmaster general, there is nothing that would require a postmaster—one of the presidential appointees—to take a civil service examination, if he has made a good record as postmaster.

Under the new system there will be appointments only on vacancies caused by death or resignation and these appointments will be made alone on grades made in an examination.

Local postal employees have received no definite word about the new order but the talk of the change has been making the rounds through the various branches of the service.

TO SERVE 2 YEARS FOR SENDING SPIES

Albert O. Sanders and Carl Wunnenburg Sentenced and Must Pay Fine of \$2,500 Each

PENALTY HELD INADEQUATE

(By United Press.)
New York, N. Y., March 22.—Albert O. Sanders and Carl Wunnenburg were sentenced today to serve 2 years in the federal prison and to pay a fine of \$2,500 each on pleas of guilty to charges of sending spies to England.

Judge Van Fleet declared the penalty was inadequate to meet such cases.

"The sort of things these men did," said the court, "does not speak clemency for them. It is such acts at theirs that have been the cause of involving us in the war. I believe these men pleaded guilty to shield the names of others which would have been revealed if the case had gone on to trial."

Sylvia Hodge of Homer was in the city today.

LOOK FORWARD TO DISTRICT SESSION

Club Women of County Prepare For Convention of Sixth District Federation in Connersville

LOCAL WOMAN IS CHAIRMAN

Meeting Will be Held at Connersville Latter Part of May—Preparations Being Made

Already plans are being made for the convention of the sixth district federation of clubs to be held in Connersville the latter part of May, although the exact date has not been set. Some of the "headliners" are to be Mrs. Edward F. White who will talk on "Political Science" and Mrs. Carolyn Fairbank, state president of the federation, who will also make an address. Among the social affairs, there is to be a tea at Elmhurst, the beautifully situated Girl's school near Connersville. At the head of the planning are Mrs. Sam DeHaven, chairman of the county federation, and Mrs. Greenwood, chairman of the city federation.

The officers of the state federation and the chairmen of the districts met at the Claypool Hotel in Indianapolis in Wednesday of this week to exchange ideas concerning the work and partially to arrange dates for the district conventions.

Following is a complete list of the officers and chairmen of this, the sixth district, several of whom live here:

Officers:
District chairman, Mrs. Guy Abercrombie, Rushville; vice-chairman, Mrs. A. L. New, Greenfield; sec.-treasurer, Mrs. Willard Petro, Cambridge City.

Chairmen Standing Committees

Country Life, Mrs. T. Benton Henley, Carthage; history, Mrs. S. S. Harrell, Brookville; music, Miss Jennie Madden, Rushville; parent-teacher, Mrs. Walter Saxon, Greenwood; press, Miss Frances Frazer, Rushville; civics, Mrs. Ralph Waggener, Knightstown; reciprocity, Miss Marie Gard, Liberty; health, Dr. Rose Druitt, Richmond; literature, Mrs. Ida Steele Barrett, Greenfield; blind, Mrs. C. V. Gause, Carthage; art, Mrs. Paul Comstock, Richmond; forestry-waterways, Miss Ethel Carter, Connersville; home economics, Mrs. A. W. Roach, Richmond; library extension, Mrs. Dean Charni, Brookville.

County Chairmen

Fayette, Mrs. S. E. DeHaven, Connersville; Franklin, Mrs. W. E. Dickson, Cedar Grove; Hancock, Mrs. Eli Hagan, Greenfield; Henry, Mrs. Claude Barlett, Lewisville; Wayne, Mrs. Harry Dalbey, Richmond; Union, Mrs. Geo. S. Tappan, Liberty; Rush, Mrs. Louis Lambert, Rushville; Shelby, Mrs. S. L. Major, Shelbyville.

SENDS WILD STORY ABOUT PETROGRAD

Berlin, March 22.—Russia is in confusion. Anarchy rules and agitation against continuing the war is growing. The working men have refused to respond to pleas to resume work.

This information reached here today. It indicated the provincial government is far from being in control of the situation; that discipline in the army has relaxed and that factional differences, now smoldering, may again break out.

The streets of Petrograd are filled with speakers spreading the socialistic cause and working against the present government. Some of the old government elements are aiding in this "disturbance." The Petrograd police have been replaced by students whose authority is not respected, it was said.

WATSON DOES NOT EXPECT AN ACTUAL DECLARATION OF WAR

Senator, Arriving Home From Washington, Says he Does Not Believe President Wants One

SUBJECT WILL BE DEBATED

Democratic Majority Will Abide by His Wishes in Matter, Mr. Watson Thinks

NO ACTUAL WARFARE LIKELY

Expresses Loyalty for Country, But Defends Senator Stone for Opposing Wilson's Course

Senator James E. Watson who arrived home from Washington last night, today expressed the belief that there will be no actual declaration of war with Germany though congress has been called in extraordinary session for April 2 and the surface indications are that either President Wilson or congress will demand an open declaration.

"I do not think that the president wants to make a declaration of war against Germany," he declared at his home this morning. "While I do not know the sentiment of congress as a whole, I do not think that congress will pass any resolutions calling for a declaration of war with Germany."

"I have no doubt but that resolutions calling for such action be introduced and debated in both branches of congress, but the democratic majority will abide by the wishes of the president and it is my opinion that he will not desire such a step."

Senator Watson indicated that from his observations of President Wilson, he had formed the opinion that the president would conduct "war" with Germany much after the fashion of the late Mexican "invasion." While expressing absolute loyalty to the country and calling attention to the fact that he and other senators had suppressed their views in the recent so-called filibuster so as not to present a divided front to the enemy, Senator Watson declared that in his opinion actual warfare with Germany would never result but that a few ships might be destroyed on either side.

Senator Watson is very much in favor of the universal military training bill, which he introduced at the request of the general army staff. Before introducing it, Senator Watson went over the bill thoroughly and found that it coincided exactly with his views on the subject. Through an unfortunate circumstance, a report of the bill which was to be sent broadcast over the country to familiarize the people with it, was sidetracked at the last moment of the last session of congress and the printing of the bill can not be accomplished until the extra session.

While in Indianapolis yesterday afternoon on his way home from Washington, Senator Watson took occasion to defend Senator Stone on his attitude in opposing in the senate the resolution giving President Wilson full and complete power to handle the international situation without the advice of congress and today he reiterated that defense.

"The senators who opposed the ship-arming bill," he said, "have been subject to much unfair criticism." He declared that he endorsed heartily what Senator Harry S. New and Representative Will R. Wood of Lafayette had said regarding the bill in late interviews. All three Hoosiers have expressed themselves as of the opinion that Senator William J. Stone and the others of the "little group of willful men" have been placed in a wrong light before the public.

Company Is Likely Here

Rushville Will Organize State Militia Providing State is Entitled to Any More Units, Adjutant General Smith Promises James E. Watson Over Telephone Today.

PREVIOUS REPORT IS WRONG

It is not certain that Rushville can get a company of the national guard but Senator James E. Watson has a promise from Adjutant General Harry Smith that if there is a chance for another unit in the state militia Rushville will get it.

Senator Watson arrived home last night from Washington and immediately interested himself in the situation. It had been reported previously to Rushville men who are trying to organize the company that there were five units short in the national guard organization in Indiana, but this proved to be wrong.

Senator Watson called Adjutant General Smith by telephone at Indianapolis this morning and Mr. Smith informed him that if there was a chance for another company, Rushville will get it. He wanted first to be assured that there was a demand for a company here.

General Smith has first to find out from the U. S. war department what is expected of Indiana. He has an appointment to meet Senator Watson in Washington April 30 when the senator will introduce him to Secretary of War Baker.

against that bill," declared Senator Watson. "If the House bill alone had been presented to the Senate it likely would have passed, but when the amendment granting the President authority to use those 'other methods' was added objections were raised."

"Some of those measures would have been debated in Congress for weeks under ordinary circumstances, but they were brought to us at 4:30 o'clock Friday afternoon and Congress was to adjourn Sunday noon and we were virtually asked to pass them or face the alternative of being held unpatriotic."

"Some of us are suppressing our own views that the country may present a united stand against the attitude of Germany. We are for a united country, and our differences with the President may be taken up later. The Republicans in

The Clock

Without Hands

The business that attempts to grow without advertising is about as successful as the clock without hands.

All the movements it makes amount to little; for people don't know about them.

Yours may be a splendid business; but people are too busy to find it out unless you tell them about it by advertising.

They do know about the business of the fellow who keeps them posted through the columns of this and other newspapers. He invites their trade and tells them why he wants it; or rather why it is to their advantage to give it to him.

Being a live business man he knows how to treat customers after he gets them. He knows he can make his advertising pay only by living up to his promises.

Don't let your business be like a clock without hands.

Advertise. Begin now.

HOG QUOTATIONS FIVE CENTS LOWER

Prices Decline With Receipts 2,000 Greater—Chicago Wheat Prices Are Down.

INDIANAPOLIS GRAIN FIRM

Hog quotations in Indianapolis were five cents lower today with receipts two thousand greater. Chicago grain prices were higher but Indianapolis grain was firm.

In Chicago May wheat was up two and three-eighths; July, one and five-eighths; September, one cent. May corn advanced one and five-eighths; July one; September, seven-eighths. May and July oats were both a half cent higher.

Wheat held firm in Indianapolis, being unchanged. Corn was up a half cent and oats was the same.

chapter of "Patria" the serial in which Mrs. Vernon Castle is featured for the first picture tonight. Every episode of this picture is full of action. The second picture is "Pathe Weekly" and the program ends with "Florence Rose Fashion," an educational reel. Tomorrow Constance Collier will be seen in the drama "The Tongues of Men."

The attraction at the Gem tomorrow night will be a five reel comedy drama "Bluff" featuring the celebrated team of Kolb and Dill. "Bluff" is a dynamic Kolb and Dill play, every detail arranged with consummate skill, the characters are as real as the friends you know. In this picture they are in their

familiar roles of Mike and Louis. Tonight Helen Holmes will be seen in the thirteenth episode of "A Lass of the Lumberlands."

IS EASY SAYS HURTY.

Indianapolis, Ind., March 22.—Three meat sandwiches and three pieces of pie a day for each person would make it possible for Germany to conduct her war for years as far as the food question is concerned, according to Dr. J. N. Hurty, secretary of the state board of health. "Germany's cry is for food with oil and fat in it," said Dr. Hurty. "Both oil and fat can be found in a sandwich and other food necessary is in pie."

After an Electric Shock.
An effective means of resuscitation after an electric shock is said to be a sharp blow on the soles of the feet without removing the shoes. In all cases, however, it is necessary to pull the tongue from the throat, as the action of the current is to cause a contraction of the muscles, and the tongue is drawn back into the throat, completely sealing the air passage. Part of many first aid equipments consist of a device which will grasp the tongue and hold it in a distended position so that the throat is open to permit of artificial respiration.

The first division of the Watson class will serve hot lunch in the room east of Aldridges grocery store, beginning at 11 o'clock, Saturday, March 24th.

WATSON DOES NOT EXPECT ACTUAL WAR DECLARATION

Continued from Page 1.

Congress are not playing party politics."

As to the international crisis Senator Watson said:

"There will be as much war as there can be. It will be on the sea—to keep our sea lanes open. I don't think we will have to send any men over there, but it will be a war on the sea."

The senator was strong in his convictions that the country should be united to show Germany that no advantage of internal differences might be presented to any foe of the United States.

PETITION FOR DRAINAGE

STATE OF INDIANA, RUSH COUNTY, SS:
Be it remembered that on the 21st day of March, 1917, in the matter of the petition of Mervin M. Conaway et al. for drainage.

To Mrs. Emerson Miller, Samuel S. Moore, Charles Phillips, Fannie Moore, Mrs. Matilda M. Moore, John A. Nelson, Albert J. McMichael, Mrs. Sarah McMichael, Fnebe A. Phillips, James W. Northam, Floyd Woods, as trustees of Posey Township, Rush County, Indiana, Sarah E. Mull.

You are hereby notified that the undersigned have filed in the office of the Clerk of Rush County Court, a petition asking for the drainage of certain lands in Rush County, Indiana; said petition is in the words and figures as follows, to-wit:

STATE OF INDIANA, RUSH COUNTY, SS:
Rush County Court, February Term, 1917.
Mervin M. Conaway et al.
Petition for Drainage.

The undersigned respectfully represent and show that they are the owners of the real estate hereinafter described and set opposite their names in Rush County, Indiana. That said real estate will be benefited by said drainage.

First said drainage cannot, however, be accomplished in the best and cheapest manner without affecting the lands of others. These petitioners would further show that the proper work in constructing said drainage will affect the following described lands, to-wit:

MERTIE M. CONAWAY—The northwest quarter of Section 28, Township 14, Range 8, containing 160 acres, except 100 acres off of the entire north end, containing 60 acres. The northwest quarter of Section 28, Township 14, Range 8, containing 160 acres, except 100 acres off of the entire north end, containing 60 acres. The southeast quarter of Section 28, Township 14, Range 8, containing 40 acres. Part of the northwest quarter of the southeast quarter of Section 28, Township 14, Range 8, containing 5 acres.

JOHN A. NELSON—The northeast quarter of Section 26, Township 14, Range 8, except 80 acres off of the entire north end and thereof containing 30 acres.

FANNIE MOORE—Part of the northwest quarter of Section 28, Township 14, Range 8—25 acres.

MARTIN MILLER—Part of the northwest quarter of the southeast quarter of Section 25, Township 14, Range 8—10 acres.

MRS. MATILDA M. MOORE—A part of the east half of the southeast quarter of Section 26, Township 14, Range 8—25.84 acres.

FRANK WORTH—Part of the south half of the east half of the southeast quarter of Section 26, Township 14, Range 8—5 acres.

JOHN A. NELSON—Part of the east half of the southeast quarter of Section 26, Township 14, Range 8, Part of the west half of the southeast quarter of Section 26, Township 14, Range 8—12 acres.

JOHN A. NELSON—Part of the west half of the southeast quarter of Section 26, Township 14, Range 8—40 acres.

ALBERT N. McMICHAEL—North half of the east half of the northwest quarter of Section 28, Township 14, Range 8—20 acres.

MRS. SARAH McMICHAEL—Part of the west half of the southeast quarter of Section 26, Township 14, Range 8—50 acres.

THESE A. PHILLIPS—Part of the north half of the west half of the southeast quarter of Section 26, Township 14, Range 8—30 acres.

THESE A. PHILLIPS—Part of the south half of the east half of the southeast quarter of Section 27, Township 14, Range 8—14 acres.

JAMES W. NORTHAM—North half of the west half of the northwest quarter of Section 25, Township 14, Range 8—40 acres. Part of the south half of the west half of the northwest quarter of Section 25, Township 14, Range 8—5 acres.

POSEY TOWNSHIP, Rush County, Indiana—The highway running east and west on the section line between sections 26 and 28, and Sections 27 and 29, all in Township 14, north, Range 8 east.

JOSEPH HARDIN—The east half of the west half of the southeast quarter of Section 23, Township 14, north, Range 8, east—40 acres.

SARAH A. CARE—The west half of the east half of the southeast quarter of Section 23, Township 14, north, Range 8, east—40 acres.

HARRY COLLINS—The east half of the east half of the northeast quarter of Section 22, Township 14, north, Range 8, east—40 acres.

SARAH C. MULL—Part of the north half of the northwest quarter of Section 28, Township 14, north, Range 8, east—13 acres.

These petitioners further show that a certain highway running east and west on the section line between Sections 26 and 28, and Sections 27 and 29, all in Township 14, north, Range 8 east, will be benefited by said proposed drainage.

These petitioners would further represent and show that the proposed drainage will be of public utility and that said proposed work will be of public utility.

These petitioners would further represent that they believe the proposed work will be of public utility and that said proposed work will be of public utility.

Value of Merchant Marine.

Once upon a time there was a fight in congress for a merchant marine. Senator James E. Watson, then a congressman, was a leader of the element who favored a merchant marine and so ardently did he espouse the principle that his enemies called him "Subsidy Jim."

But in how much better condition we as a nation would have been to wage a war on the high seas, had we heeded the advice of Senator Watson and his following! That was a decade ago but the merchant marine senators and congressmen foresaw just what is this day happening. Our rights are trampled under foot on the seas and we have been unable to uphold them because the whole world knew that we were and still are lamentably weak on naval strength.

With a good merchant marine, the United States would not only have been many misguided statesmen go-haul our own exports and imports, but we would have many vessels at our command just now which could be converted into war ships and used to defend our rights.

A big navy has ever been the need of the United States with its thousands upon thousands of miles of coast line to defend, yet there have been many misguided statesmen going to congress who have been sung to sleep by the false songs of the pacifists. Our own former congressman, Finly Gray, was known as a "little navy" man and fought with all his power to keep down battleship building to the minimum and he and his colleagues were fairly successful. Congress has been discussing a navy that would be second to none since the European war began, but we are practically as helpless on the sea today as we were then. It is true that there is now a big navy building program, but we do not want vessels next year and two years hence, but now when war impends and may be a possibility within two or three weeks. In fact, there are those who believe we are now in a state of war with Germany.

Universal Service.

A year ago only a handful of people could be found who were in favor of universal military service. Now the man who opposes such service comes from rural districts. But essentially a fair minded people when facts are brought forcibly to their attention, and this fact has been amply exemplified in the tremendous change of national sentiment regarding universal service. Daily papers of the great cities assert that the principal objection to universal service is wrong. Young men the rural districts. But the daily papers are wrong. The young men of our own community are on a par with those of other rural districts, and yet we unhesitatingly assert that no where in this broad land will be found a more unified or patriotic sentiment than that which exists in the hearts of our own young men. If the best interests of the country de-

mand that each one, rich and poor alike shall serve his 11 months in a training camp, then when the time comes we will find them stepping briskly to the front, with heads erect and eyes upon the flag of freedom. There will be no shirking, or quibbling, or hanging back on the part of our young men.

It's Different Here.

The German Government plans to loan several hundred million marks to shipowners, on easy terms, with a view to restoring the German merchant fleet after the war. A man who would suggest such a thing in the United States would be hooted into hermitage, but the proposition to appropriate \$50,000,000 to be handled by a shipping board in purchasing ships for Government operation by a handful of tyros whose straightest course would be steered to Davy Jones' locker, went through after a bitter fight, and the shipping commission having been appointed, like old Bre'r Rabbit, is "jes loungin' roun' and sufferin'."

About the only thing that will protect the potato planter from indictment this year for destroying currency, is the fact that spuds do not as yet bear the government stamp.

The secretary of agriculture says there is no food shortage. The secretary is a gentleman, but if he will examine the larder he will learn that he is the biggest liar this side of purgatory.

La Viuda Que Anuncie.

The man who didn't advertise
Was dead—extremely dead.
His widow placed (of mammoth size)
A stone above his head.

She put his name upon the same
In letters large and fair,
To tell the eye of passersby
Her Man was sleeping there.

Folks thought her sorrow must be great
To raise this monument—
They did not know (she did not state)
Her actual intent.

One day there came a former flame;
He read; then soothed her sighs;
And, as she wept, she softly said:
"IT PAYS TO ADVERTISE."

TODAY'S HOOSIER ODDITY

Nashville, Ind., March 22.—It takes two days for United States mail sent here to be delivered at Story, Ind., eight miles away. The mail travels 100 miles, going through Indianapolis, Columbus and is carried by rural carrier from Columbus. The postoffice department has ordered a new mail route established, to go into effect April 1.

FURTHER PROBE LIKELY

Connersville, Ind., March 22.—Further consideration of the death of Russell Joseph Thibert by the grand jury, is considered probable following the report of experts that final tests prove conclusively that the boy died from strychnine poisoning. The child's father and step-mother were held for several days in connection with the death but a grand jury investigation failed to return an indictment and they were released.

Home Missions of Presbyterian Are Also Considered at Called Meeting Here

A called meeting of the White-water Presbytery of the Presbyterian church was held at the First Presbyterian church here yesterday and the resignation of the Rev. Reuben Emery, pastor of the Presbyterian church at Newcastle, was accepted and he was dismissed from the Presbytery. The dismissal was due to differences between the pastor and members of his church.

The Rev. M. Emery will preach his last sermon at Newcastle Sunday and will probably move to Brownsburg where he will take up another pastorate. The Newcastle Courier says members of the church declared the Rev. Mr. Emery had not carried out his contract concerning the two Presbyterian missions in the northern part of Newcastle. They asserted he was not in sympathy with the missions and failed to give them proper attention. Other difficulties were reported to have existed.

The Courier further says that the Rev. Mr. Emery refused to make any statement concerning his resignation or reasons for it, saying that anything he would say would be detrimental to the officers of the church.

In addition to taking action in regard to the Rev. Mr. Emery, the Presbytery yesterday considered home missions.

The ministers attending were: the Rev. Mr. Whitenack of Knights-town; the Rev. Mr. Hook of near Greensburg; Dr. W. H. Reynolds, pastor of the First Presbyterian church at Greensburg; the Rev. Mr. Emery of Newcastle and the Rev. D. Ira Lambert and the Rev. F. B. Stearns of this city.

Elders present were: Dr. C. E. Canady of Greencastle, Mr. Livesy and E. C. Green of Newcastle, Judge David L. Wilson of Shelbyville and J. L. Cowing of this city.

Investigator Is Sent to Chicago

Will Dill Leaves to Make Inquiry About Factory Propositions Following Meeting

COMMITTEE VERY HOPEFUL

Will Dill has gone to Chicago to investigate several factory propositions which have come to the attention of local boosters. He went yesterday following the meeting Tuesday night of the special committee appointed from the Rush County Business Men's association to co-operate with Mr. Dill and John Crowley in locating a factory in Rushville. The committee was appointed at a banquet at the Windsor hotel Monday night and was scheduled to meet last night, but the time was changed for the convenience of some of the members of the committee.

The committee heard from some very promising opportunities in factory location Tuesday night and resolved to send Mr. Dill to Chicago at once to see if any of them were equal to what they appeared to be. The committee today was very optimistic and hopeful of bringing to Rushville a good, stable industry.

A series of protracted meetings will start Sunday evening at the Pleasant Ridge M. E. church. The services will be in charge of the pastor the Rev. T. J. Anthony of Arlington and he will be assisted by Mr. and Mrs. Lewis Booher of Boswell, Ind. Mrs. Booher is well known in that community as she was formerly Miss Nellie Gully of Manilla.

The noon lunch which was to have been served by the members of the Ladies Muscicle in the room formerly occupied by the Palk hardware store on Saturday March 23, has been postponed.

DISMISSED FROM THE PRESBYTERY

The Rev. Reuben Emery Resigns as Pastor of Presbyterian Church at Newcastle

THREE MEN NAMED TO APPRAISE LAND

Dewitt C. Buell, S. B. Anderson and William Dagler to Fix Value for School Purposes

TO BE SITE FOR NEW BUILDING

Judge Sparks today appointed Dewitt C. Buell, S. B. Anderson and William Dagler appraisers to appraise the land of Thomas Sullivan and Alva Webb desired by Rushville school township for school purposes. The viewers are to report within five days.

The township desires about one and one-quarter acres for both Sullivan and Webb and with the present site of the Webb school will combine the tracts for the location of the new \$35,000 consolidated building. The appraisers will fix a value and report to the court. A commissioner will then be appointed to make the sale.

As soon as the land is acquired the township will then be ready to erect the building. It is likely that some bonds will have to be sold to erect the building.

Chicken Croquettes.

The chicken croquette is a mongrel mixture miscalled food. It wears a sawdust mask to hide its real identity.

Chicken croquette is just a restaurant proprietors' excuse for using up scraps he would otherwise throw away. There's about as much chicken in it as there is in a chunk of chilled steel. It is glorified hash of the worst type.

It sits around in cones, looking like a Fourth of July snake. You know, the kind you touch a match to and the snake boils out.

But don't ever try to boil anything out of chicken croquette. The chances are ten to one you'll produce worse things than snakes.

The chicken croquette is enough to make a self-respecting hen ashamed of herself.

Again Let Us Ask You Why not a Maxwell in preference to any other car of its price and class?

The Maxwell will run more than five thousand miles on one set of tires.

The Maxwell will operate at a speed of fifty miles per hour, and 20 to 25 miles per gallon of gasoline.

The steering gear on the Maxwell is sure.

The brakes on the Maxwell are fine.

The springs on the Maxwell have been lengthened, making the car much easier riding this season.

The seats have been widened, giving more comfortable room. There is nothing to buy for the Maxwell afterward.

Maxwells are all fully equipped with electric starters and steady lights, need no shock absorbers, have a speedometer, have the same size tires on all four wheels and are a pretty car to look upon.

It is a car that will go anywhere any other car can go. We openly challenge any other car of its class to do anything the Maxwell will not do.

Come around and compare the Maxwell in its price with all others.

Possibly there is something new on the car you do not know of. We believe we can explain several things you do not know about the nicest little car that travels the roads.

Touring \$650. Roadster \$635.

Why your window shades show cracks and pinholes

It is a *hidden* weakness—this cause of cracks and pinholes—a certain great fault of the ordinary type of shade material. What it is—and how you can avoid it—is clearly revealed above.

Note, first, photograph No. 1—a sample of the ordinary shade material in unfinished state. Its surface has been lightly scraped with a knife. Here is exposed the great hidden weakness of the ordinary shade.

See what has happened! The scratching has loosened a quantity of chalk and clay filling, revealing the coarse muslin cloth beneath. Under the strains of daily usage, this "filling" falls out leaving a "mess" of cracks and pinholes.

Now, note photograph No. 2—a sample of **BRENLIN UN-**

FILLED shade material in the same unfinished state. Observe that it consists purely of a fine, closely woven cloth—that it contains not a particle of chalk, clay or any other filling.

What is the result? In the Unfilled Grade of Brenlin has been perfected a material that really *resists* the constant strains of hard daily usage—that the hottest sun cannot fade, nor the inheat of water spot. It is supple—not stiff, yet cannot bag, sag or wrinkle; *wears twice as long* as the ordinary kind, because from it has been eliminated that filling which is the greatest weakness of the ordinary shade.

Come in today and let us figure on the Unfilled Grade of Brenlin for your shades. We can supply it in tones for every color scheme.

28 GERMAN SHIPS IN BRAZIL PORTS

In Case of War With United States These Might Turn Commerce Raiders.

TOTAL TONNAGE 110,000

Are Free to Leave Harbors at Will—Are Guarded by Brazilian Fleet.

BY R. B. ROBERTSON.
(U. P. Staff Correspondent.)

Rio de Janeiro, March 1.—(By Mail)—There are twenty-eight German merchantmen interned in this and other Brazilian ports today which, rumor has it, would become raiders of American shipping in case of war between the United States and Germany.

These ships total about 110,000 tons and are valued at \$4,000,000. Half of them are in this port and the other scattered about other Brazilian ports.

With two exceptions all these ships are at liberty to put to sea at any time. Ever since Brazil's protest to Germany over the submarine blockade, attention has been focused on the German ships by persistent stories that several of the interned steamers were waiting a favorable moment to make their escape.

Anchored in an open part of the bay, well under the surveillance of the harbor's forts and the Brazilian fleet, these fourteen ships form a listless and desolate group.

Of the ships interned here the "Sierra Salvada" is the largest with 4,951 tons net register. The others are the "Edenberg" (2,782 tons), "Cap Roca" (3,690 tons), "Coburg" (4,200 tons), "Hohenstaufen" (4,086 tons), "Roland" (4,255 tons), Henriette" (1,921 tons) "Alrich" (4,265 tons) "Carl Woermann" (3,490 tons) "Posen" (4,094 tons), Gertrude Woermann" (3,969 tons) "Arnold Ansinck" (2,896 tons), "Etruria" (2,885 tons), and the "Franklin" (3,223 tons).

Besides these there were the "Maunsa" (3,733 tons) which entered on August 19th, 1914, but sailed a few days later for Buenos Aires and is at present interned in Chile, and the "Prussia" which entered August 20th, sailed for Santos five

days later and did not arrive at that port for a month in spite of the fact that it is but a day's trip. An inquiry undertaken by port authorities for the purpose of finding the cause of this mysterious month's disappearance did not establish any definite results. It's an easy guess however that the "Prussia" did not risk capture by British cruisers on a mere pleasure trip and that some raider ship benefited in supplies during her disappearance.

Another ship that broke the monotony of interment by venturing into open was the "Edenberg," which after twenty days of lying idle sailed for Santos, where she never arrived. One month later the "Edenberg" returned calmly to Rio, dropped her anchor and landed the crew and passengers of the "Indian Prince" which had been sunk by the German cruiser "Kronprinz Wilhelm," which interned later in a North American port. For this adventure the "Edenberg" was ordered under guard by the Brazilian government.

Outside of the "Prussia" and the "Edenberg" any of the interned German ships have the right to leave the harbor at will.

L. E. BROWN WILL HOLD REVIVAL HERE

Connorsville Pastor-Evangelist to Conduct Pre-Easter Services at Christian Church.

TO CONTINUE FOR TWO WEEKS

The Rev. L. E. Brown, pastor of the Christian church in Connorsville and an evangelist and lecturer of wide experience and reputation will begin a revival meeting in the Main Street Christian church next Sunday evening and will continue for two weeks, or until Easter Sunday.

The meeting will be a pre-Easter meeting such as will be held in many of the Christian churches throughout the country at this time. The local pastor and people are expecting a most enthusiastic and helpful ed for Santos where she never arrived. A month later the "Edenberg" a pastor-evangelist as Mr. Brown is. Homer Cole will conduct the music with the help of a large chorus choir.

HEADS NEW BUREAU.

Indianapolis, Ind., March 22.—Robert Prass of Lafayette has been appointed head of the new "Joan shark" bureau established by the last legislature to eliminate loan sharks in the state.

PICTURE TO TELL INTERESTING TALE

"The Story of a Loaf of Bread" Will be Depicted in "Movie" to be Shown at School

STUDENT PROGRAMS GIVEN PROVIDES MORE ENDOWMENT

"The Story of a Loaf of Bread" is the title of the moving picture which is to be presented free of charge tomorrow afternoon at the Graham Annex beginning at 2:30 o'clock. The picture, which is said to be an excellent feature, is to be shown for the grade pupils and any parents or persons interested are invited to attend. The picture is in three reels. It starts with the sowing of wheat, shows the growing grain, the thrashing of it, taking the wheat to the elevator, making it into flour, and finally the making of bread out of the original wheat.

An interesting feature has been added to the high school this year in the nature of student programs. One of the best of these was given before the assembly this morning when Miss Mary Louise Poe sang a beautiful solo, "The Fairy Pipers," and Dwight VanOsdol played an excellent cornet solo, Tosti's "Goodbye." Both were well rendered and highly appreciated. The programs are given weekly.

LOCAL BOYS DEFEAT SHELBYVILLE BOWLERS

The Republican Company's carrier boys defeated the National Juniors of Shelbyville two games out of three last night on the Smokehouse alleys. The local boys lost the first game by nine pins and then came back and took the next two games. The scores follow:

FAVORS EVANSVILLE AS A COLLEGE SITE

M. E. Conference Adopts Resolution Suggesting Removal of Moores Hill on Conditions

PROVIDES MORE ENDOWMENT

At a special meeting of the Indiana Conference of the Methodist Episcopal church yesterday in Indianapolis resolutions were passed favoring the removal of Moores Hill college to Evansville providing Evansville will raise \$500,000 and provide a site of not less than fifty acres, and under the condition that the conference itself raise the sum of \$500,000. The recommendations were made to the board of trustees of the college and future action is up to them.

This would give the college an endowment of \$1,000,000 to start with and would be sufficient to insure a success of the removal. Seymour also sought to have the college located there. The Rev. W. M. Whitsitt, pastor of the St. Paul's M. E. church of this city attended the meeting of the conference.

DRAWING DEADLY WEAPONS

Daniel Corya of Arlington Arrested on Affidavit by Charles Phillips

Daniel Corya of near Arlington was arrested yesterday afternoon on a charge of drawing deadly weapons filed in the circuit court by Charles Phillips. Corya obtained bond in the sum of \$100 and was released by Judge Sparks. Phillips alleges that Corya pointed a shotgun at him.

The Ladies Aid society of the Second Methodist church will serve a turkey supper at the church tomorrow evening.

Catarrh

Relieved in one minute. Get complimentary can of Kondon's from factory. Or buy a 25 cent tube. If it doesn't do you \$1-worth of good in a day, you can get your 25 cents back from the dealer or from the Kondon's Big Co., Minneapolis, Minn.

Urgent quick! For catarrh, catarrh, catarrh, catarrh, catarrh. Be sure it's the big tube by 15 million Americans—Do This Now.

KONDON'S CATARRH

The Little Flatrock Mission Band will meet Sunday morning in the church at 11 o'clock. All members are requested to attend.

About twenty members of the Band of Workers of the First Presbyterian church attended the meeting held at the church yesterday afternoon. Several matters were brought up during the meeting and the majority of the time was given over to planning for affairs in the future.

When Miss Bertha Helm entertained the members of the Wednesday Afternoon Club yesterday, an extra table was also entertained making three tables in play. Bridge was the game of the afternoon and following the games, the hostess served a dainty luncheon. Miss Clara Haydon and Miss Bess Cleveland of Lexington, Ky., were among the players.

All of the active members of the Musicales, who are vocal members, are asked to attend the rehearsal of the chorus to be held in the assembly room of the court house on Saturday evening at 7 o'clock. The rehearsal is to prepare for a number to be given April 2, at the meeting to be held for the Connorsville Musicales. All those who are vocal members and do not take part in the chorus will be fined the regular club fine.

A very interesting meeting of the Woman's Missionary society of the United Presbyterian church was held at the home of Mrs. S. H. Traub yesterday afternoon. The program was an unusually interesting one with a review of an article on home missions by Mrs. H. H. Elliott and a class discussion of foreign missions as outlined in the book, "World Missions and World Peace." A short business meeting followed the program. Dainty refreshments were served by the hostess.

There was a very good attendance at the meeting of the Loyal Daughters class of the Christian Sunday school held at the home of Mrs. Charles Brown in East Second street last evening when she was assisted in entertaining by Mrs. Fred Brown, Mrs. Theodore Abercrombie, Jr., and Mrs. Ernest Church. The principal part of the business meeting was taken up with the reading of reports from the social committee, the visiting committee, and other important committees in the class. During the latter part of the affair, the members engaged in fancy work and a social good time while refreshments of date pudding, whipped cream, and coffee were served by the hostesses.

Dr. Harlow Lindley, a professor of Earlham college, is to be the principal speaker at the district convention of the Franchise League to be held here Saturday. Dr. Lindley's talk will be on the constitution and will probably be followed by a discussion. Esther Griffin White of Richmond, chairman of the district, is to have charge of the meeting which will include a meeting of the county chairmen of the Franchise League in the morning in the court house and a program following the luncheon at the Windsor hotel on Saturday at 1 o'clock. Dr. Lindley's talk will furnish an unusual opportunity, aside from the sociability of the occasion, for the women of the county interested in suffrage and the coming constitutional convention to learn the facts concerning them. He is unusually well fitted to speak on this subject, being a member of the state historical commission, and is said to be a very good speaker. All of the women of the county and city who are interested in suffrage are urged to attend the luncheon and hear the program which is to follow. The tickets are fifty cents and those expecting to attend must notify Mrs. A. L. Gary or Miss Mary Sleeth this evening.

An elegant two course dinner was served at the Masonic temple last

evening to about sixty Knights Templar. Preceding and following the service of the dinner, the temple degree was conferred upon a number of candidates.

Mrs. Link's Bible class will meet Friday afternoon at 2:30 o'clock at the home of Mrs. George Looney, Jr., in North Main street. The lesson is from the second, third and fourth chapters of Ruth.

Kathryn Blount was leader of the program at the meeting of the Dunning Study Club held at the home of Mrs. Will Meredith last evening. The members of the advanced Dunning class were invited guests and enjoyed the excellent program furnished by the little folks. Dainty refreshments were served.

Miss Elgie Thomas and Miss Ellen Vickrey entertained the members of the class of the St. Paul's M. E. Sunday school taught by Miss Ellen Vickrey at the home of Miss Thomas last evening. Plans were made for raising the money for the Easter offering for the Sunday school. Several other matters were brought up during the business session, after which several beautiful Victrola records were played and refreshments of hot chocolate and wafers were served by the hostesses. Fourteen members of the class were present at the pleasant gathering.

Fifteen members of the Psi Chi Xi sorority attended the meeting of the sorority last evening held at the home of Miss Marie Clawson in West Seventh street, when Miss Clawson was assisted in entertaining by Miss Gladys Bebout. During the business session, several reports were given and it was decided to hold a rummage sale on Saturday, March 31. Decision was made on several other business matters and a social hour followed when the hostesses served a tempting one course luncheon. The place of the next meeting is undecided, although it will be held in two weeks.

Leonard Booth was the guest of honor at the dinner party given last evening by Mrs. Booth at their country home south of the city when the twenty-ninth birthday of Mr. Booth was celebrated. The entire affair was a surprise to him and was cleverly carried out without his knowledge until the guests arrived. They were seated about a long table which was decorated with yellow and white, the scheme being suggested in the center bouquet of yellow jonquils and other decorations on the table. A sumptuous three course dinner was served and following its service, the gay company played Rook and had a general good time. In the party were Mr. and Mrs. Clifford King, Mr. and Mrs. William Anderson, Mr. and Mrs. Cliff Winship, Mr. and Mrs. John Booth, Earl Morris, the Misses Mary Hungerford, Lois Anderson and Mildred Booth.

When Howard Warner celebrated his twentieth birthday on Tuesday, his parents, Mr. and Mrs. Wilbur Warner gave a delightful informal dance for him in the evening. For the affair, the home was prettily decorated. During the course of the social evening, some of the guests danced while others engaged in the games of Rook that were in progress. Late in the evening, refreshments of pie, cake and coffee were served. The guest was the recipient of a number of appropriate gifts. Guests of Mr. and Mrs. Warner were Mr. and Mrs. Alva Webb, Mr. and Mrs. Noah Tryon, Mr. and Mrs. Jesse Hungerford and family, Mr. and Mrs. Claude Hilligoss and family, Mr. and Mrs. Calvin Hungerford and family, Mr. and Mrs. Wilford Groecox, the Misses Beatrice Bagley, Harriet Halterman and Hattie Emmons, and Newt Halterman, Carl Bennington, Ed Shields of Knightstown, Herman Irvin, Omar and Arthur Bowles. Music was played throughout the evening by Omar and Arthur Bowles.

The members of the Women's Relief Corps spent a very pleasant day together at an all day social yesterday held at the home of Mrs. Matilda Young in West Seventh street. Each of the members aided in the preparation of the bountiful dinner which was served at noon. During the afternoon, they completed the making of a quilt.

The rooms in which the guests were entertained were beautiful with potted flowers.

Very timely is the pretty "spring" party being given this afternoon for the members of the Social Dozen by Mrs. Merrill Ball at her home in North Morgan street. At the conclusion of the regular social and agreeable club meeting, a delicious luncheon was served in the dining room which presented a picture of spring. Daffodils formed the attractive center bouquet on the table, and butterflies and blue birds floated about the room and over the table. The place cards, too, bore airy little butterflies. Mrs. Fred Caldwell will have the next meeting of the club.

Tomorrow evening, Mr. and Mrs. Ball are entertaining several friends at a dinner party and in Saturday evening, Mrs. Margaret Ball is giving a dinner for a dozen of her girl friends.

Miss Anita Conte a native of Italy, who is now teaching French and Italian in the Conservatory of Music in Indianapolis, is to deliver a course of three lectures here during this and next month on different phases of the city of Venice, where for many years she made her home. The lectures are to be given in the high school assembly room on March 28, April 11, and April 25, and tickets are on sale from any members of the Shakespeare Club. The course of three lectures will be fifty cents.

Miss Conte is of particular interest here inasmuch as she is a personal friend of Miss Henrietta Coleman, Miss Helen Scott and Miss Genevieve Brown and was their guide through Venice when they were abroad. Taking as her subject her native city which is such an interesting one from many standpoints, Miss Conte is particularly well fitted to speak. The subjects of the three lectures, each of which will be illustrated with stereopticon slides, as they are to be given as "The Queen of the Adriatics," "Masters and Masterpieces of Venice," and "Venice from a Gondola." In the later lecture, Miss Conte's sister will sing several numbers.

The F. R. S. Club was most delightfully entertained yesterday afternoon and evening by Mr. and Mrs. P. A. Newhouse at their well known maple orchard near the city with a maple "stir off" and "taffy pulling" which were followed in the evening by a "chicken roast." About three o'clock, the merry crowd began to assemble, the pots were put to boiling the delectable syrup, a bushel of potatoes was laid in the ashes to bake, the chickens were put before the fire to roast and by the time the jovial crowd was gathered everything was in readiness for the feast. The tables were filled with the best the land affords. After the supper, there was a continuous round of fun-making, playing games, popping corn over the coals, telling reminiscences and relating stories until 9 o'clock, when the company of friends left for home. Those assembled in this social manner were Mr. and Mrs. P. A. Newhouse, Mr. and Mrs. G. P. Mauzy, Mr. and Mrs. Joe Bishop, Mr. and Mrs. W. C. Bishop, Mr. and Mrs. G. P. McCarty, Mrs. Ed Bell and son, Cassell, Mr. and Mrs. Rice Bishop, Mr. and Mrs. J. A. Parrish, Miss Ollie Parrish, Mr. and Mrs. O. Q. Norris, Mr. and Mrs. Thomas McCarty and daughter, Leland, Grover Tearn and family, Mr. and Mrs. Dick Stevens, and Chester Stevens.

This old camp known as the "Cline" camp has been a popular resort during the maple seasons for more than 60 years. Chickens have been roasted, taffy made, and last

Announcing Our New Lorophone

A High Class Musical Instrument
At a Reasonable Price

You, of course, will want to get the best phonograph for the amount you decide to spend. The LOROPHONE, with its rich, pure tone and splendid qualities will appeal to you strongly.

This instrument is constructed along new and exclusive lines. It is perfect in mechanical detail, unequalled in purity of tone, and beautiful in design and finish.

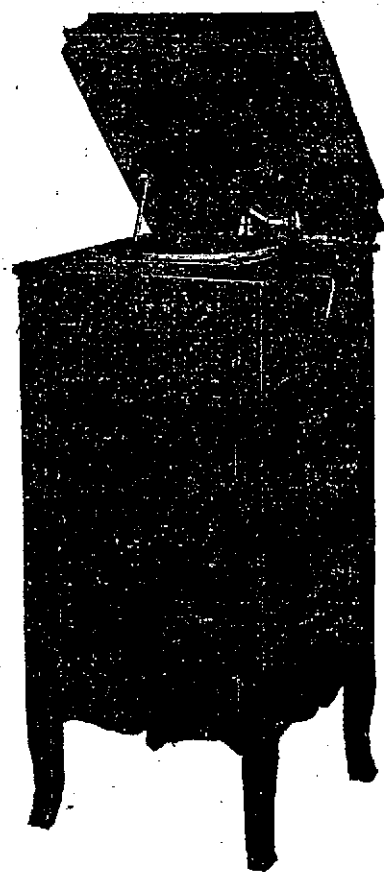

The LOROPHONE has **TONE QUALITY**—it exactly reproduces the human voice. The reproducer has exclusive features which soften the tone and eliminate, to a large degree, the scratching of the needle on the records.

It reproduces from all styles of records with equal perfection. The vertical cut records such as Edison, Pathe, Etc., can be used as well as the lateral cut, such as Victor, Columbia, Guardsman, etc.

We are showing this machine in several finishes, solid mahogany, golden oak and fumed oak. The record filing cabinet is of ample capacity.

The style is shown in the above cut, equipped with universal tone arm.

The model shown in cut is a wonderful instrument at the reasonable price of **\$55.00**. The LOROPHONE compares very favorably with higher priced instruments.

A DEMONSTRATION WILL CONVINCE YOU
THAT YOUR HOME IS NOT COMPLETE
WITHOUT A LOROPHONE

THE MAUZY CO.

Spring Style Hints

A touch of bright color is gained by wearing a head chain dangling from the neck and ending in a silk tassel.

Shaggy effects in fur and are very fashionable.

Cuffs are not so important as they were, and you may or may not have the bottom of your sleeves finished with one.

The new coat sleeves have such deep armholes and are so broad and straight cut that they are almost like kimono sleeves.

The Paisley design is used in every way. Petticoats are made of it. Jewelry, many linings, bathing suits and even the maids' apron.

Take your old broadcloth suit and make it into a pretty frock by combining it with a figured silk and fashioning it from one of the pretty peplum designs.

The new premet chemise tunic falls straight from the shoulder and is girdled very loosely. It is long in the back and cut off straight across the knees in front.

DISCOVERY
FOR
COUGHS
AND
COLDS**

Catching Cold

Between the dances, in the usual poorly ventilated, hot, stuffy, over-heated hall, you seek a cool spot—usually near a draft. Later you go out into the penetrating night air, possibly not as well protected as usual and as a result you catch cold—these colds often lead to more serious illness.

At the first sign of a cold—feverish, sluggish, stuffed-up, tightness of chest, snifle and sneezing—go to the nearest drug store and get a bottle of Dr. King's New Discovery for coughs and colds. The fact that this prescription has been used successfully for 50 years is its own recommendation to you. Try it.

If Not

Have you any life insurance?
If not—
Would your widow have any substitute for your salary, fees or wages?
If not—
Could she feed and clothe and care for herself and your children?
If not—
Could she pay the taxes on the home and interest on the mortgage?
If not—
Could she prevent foreclosure of the mortgage and sale of the home?
If not—
Could she pay rent and keep the family together without your salary?
If not—
Do you think it is time to provide for a monthly income, in case your salary, fees or wages cease by death?

PROVIDES NEW REGISTRATION

New Law Creates Special Board
Which Must be Appointed in
Each County of State

FOUR WAYS TO REGISTER

Possible to Qualify for Voting at
Primary or by Mailing or Filing
Blanks With Board

On the closing day of the session the recent legislature passed a bill introduced by Senator Beardsley that means there will be a complete new registration of all voters prior to the special election for delegates to the constitutional convention which will be held on Sept. 13, next. Had not Senator Beardsley's bill become a law the new registration machinery provided by the 1917 General Assembly would not have been put into operation until next year.

Under the provisions of the Beardsley law the registration of voters for the constitutional convention election must be finished by August 13 and as the registration period must cover at least 60 days, this means that the new registration machinery in the various counties of the state must be organized and ready to receive registration blanks by June 13.

Under the provisions of the new registration law boards of registration commissioners must be created in each county in the state and this board must sit in continuous session during the full registration period, Sundays and legal holidays excepted, in a room in the county court house. This board consists of the clerk of the circuit court and two others, named by the chairman of the preceding general election. This board is authorized to employ two clerks named by the chairman of the two leading parties whose pay shall be \$5 a day, and such other clerical assistance as may be necessary to complete the registration of the voters.

Under the new registration law registrations may be filed in any one of four different ways—in person, by messenger, by mail or by depositing the registration blanks, properly verified, with the inspector at the primary election. As there will be no state wide primary this year, the latter method of filing registration applications cannot be used this year.

The Beardsley law was enacted primarily for the purpose of removing all doubt as to whether women should have a full legal right to vote for the delegates to the constitutional convention. Under its operations there can be doubt whatever as to the right of women voters to vote at the municipal elections this fall.

GIRL MUST LEAD MAN TO SCAFFOLD

As Deputy Sheriff She Will Deliver
John Hogue to the Hangman on
April 10.

NOTORIOUS AMERICAN CROOK

(By United Press.)
Windsor, Ont., March 22.—Miss Helen D'Avignon, Canadian's girl sheriff, must under the law lead to the gallows and deliver to the hangmen April 10th John Hogue, a notorious American crook now in the condemned row at Sandwich jail for the murder of W. Marshall Jackson, Canadian deportation officer of Winnipeg.

Under the Canadian statute the girl must accept the prisoner from the jailer at the foot of the scaffold, deliver him to the hangman and give the signal for the springing of the trap that will send Hogue to eternity.

The girl, as first deputy, succeeded to the office of sheriff on the death of the sheriff, her father, J. E. D'Avignon, who is said to have died from worry over the fact that he'd have to execute Hogue. Hogue shot Jackson as he was being brought to the Canadian border to be turned over to Michigan authorities on a safe blowing charge.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to
Bring Back Color and
Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustreous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Plum Creek.

There were ninety-two present at Sunday school Sunday.

Mrs. James H. Hays is improving from a long illness. Mrs. Belle Hobbs of Dunreith is still caring for her.

The play given at the Gings school one night last week was a great success. The proceeds went to a fund to be used to buy a piano for the school.

Kenarda Jones, who has been sick is reported to be much better.

Mrs. Iva Smalley went to Illinois a few days ago to take charge of a large millinery store. Her parents, Mr. and Mrs. Linnea Hays, accompanied her to Indianapolis.

Mr. and Mrs. Mull Wallace were entertained at dinner Thursday last week by Mrs. Wallace's parents, Mr. and Mrs. John Nipp, and went on to Newcastles to see the ruins left by the cyclone.

Mr. and Mrs. Robert Bell and Mr.

Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lockjaw or blood poisoning, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezone can be obtained at little cost from the drug store but is sufficient to rid your feet of every hard or soft corn or callus.

You simply apply a few drops of freezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.

and Mrs. John Blessinger were guests of Mr. and Mrs. George W. Kemmer the past week.

Miss Elsie Scott was the guest of Miss Hazel Rider the past week.

The C. W. B. M. society held a very interesting meeting at the home of Mrs. Lafe Johnson, with Mrs. James Smith as leader. On account of sickness, all of the members could not be present. However, a very pleasant afternoon was spent. Refreshments were served by the hostess.

A baby boy was born to the wife of Fred Blessinger.

Miss Lavohn Foulke of Sheridan, is visiting in this community.

George Willis has been to Sexton's sanatorium, at Rushville, where he underwent a surgical operation for hernia.

The Rev. and Mrs. Wesley McMichael and daughter, Lucile, came to visit at Mrs. Sarah McMichael's, Saturday and returned home, Tuesday.

Miss Erdie Pitts is in a hospital at Indianapolis where she underwent a surgical operation.

Mrs. Mattie Folger and sons, Elvin and Don and daughter, Juanita, of Richmond are visiting at E. C. Maey's.

John W. Zike had a severe attack of the heart, Sunday.

Mrs. Emily Riggsbee returned home from Indianapolis, Tuesday, after spending almost a week there.

Mrs. Sallie Spencer had a stroke of paralysis, Monday, and is very sick.

Mr. and Mrs. Russell Ray have moved into the house lately vacated by Mr. Newhouse.

Elvin, Don and Juanita Folger, of Richmond, and the Misses Froda and Faye Maey were entertained for supper at D. M. Pressnalls, Tuesday.

Mr. and Mrs. Oliver Swain went

FOUR TEAMS HAVE CHANCE TO WIN

Race in American League This Year Should be Close With Red Sox Favored.

TIGERS LIKELY CONTENDERS

Jennings' Team Overdue for Pennant—Barry Has Chance to Make Good.

BY H. C. HAMILTON.

(U. P. Staff Correspondent.)

New York, March 22.—This season's journey down the American league schedule should be fully as productive of sensations as was last year's gruelling finish. No less than four clubs are due to be in the fight and the balance is such that the issue probably will not be decided until the season is in its closing month.

Detroit looks to be one team which will bear watching. The Chicago White Sox are strong, the Yankees, refitted with good arms and legs, must be counted in and it would be folly to suppose that even a change in manership could keep the wonderful Red Sox from making an awful bid for the Ban Johnson hunting.

The Tigers have been due to win a pennant for several seasons. Just one thing has hampered them. Correct the faults in the Detroit pitching staff and there will be a baseball club that will tear its way through anything. Imagine a team six and seven runs a day, only to see the opposition come through with just a few more. The offensive power of such a grand machine is lost in the inability of pitchers to hold the opposition to a few runs. With two good pitchers Detroit should win a pennant for its stickmen are able to produce the runs.

The same thing might be said to hold good for the White Sox, but there are good pitchers there. The fault isn't all with the hurlers. The bitters are there to make the runs, and for a great part of the time, the pitchers are there to do the holding. Comiskey's twirlers lost themselves last summer in the heat of the race, but there is no reason why they should not return. The White Sox need a first baseman and they need him bad. If Gandil can come through the White Sox will develop a dangerously well balanced team.

The Yankees are dangerous: but hardly enough so to be voted a spring pennant. They need more experience as a team, and a trifle more steadiness in the pitching staff.

The Red Sox will supply the enigma for the season. The champions comprise one of the best balanced and best defensive teams thrown together for many years. If the crack doesn't come this year it will be hard to keep them out of another world's championship. A great deal depends on Jack Barry's ability, but the team is so constituted that if it holds together, most any one could drive it to a flag.

to William Phares home Monday. He is very sick.

Mr. Thayer is sick with pneumonia.

The subject of the Epworth League Lesson, at the M. E. church at Arlington, for Sunday evening, is "Our South American Missions." There will be a missionary program, special singing, recitations, and readings.

A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles for Making a Success of the Home Vegetable Patch.

III—When to Plant Vegetables

The garden specialists of the U. S. department of agriculture divide vegetables into two classes, "warm temperature" and "cold temperature" vegetables. When peach and plum trees are in blossom, they say, it is time to sow in the open ground such seeds as lettuce, radish, parsley, beets, turnips, cabbage, carrots, peas and onions. The wrinkled peas should not be planted until later, as they are more liable to rot in cool ground than are the smooth varieties. When the apple trees bloom, it is time to plant the heat-loving vegetables such as cucumbers, beans, sweet corn, pumpkin and squash. This is an old but excellent rule.

The quickest crop to mature is the radish. Lettuce, turnips, peas, beets, and beans usually require from 6 to 9 weeks, corn from 11 to 13 weeks, and potatoes from 15 to 16 weeks to mature.

Lettuce is to the garden what the hay crop is to the field—always needed, and gives some of the best returns. A rich sandy loam, with sufficient nitrate to stimulate leaf growth and intensify the chlorophyll or deep leaf color of the plant, and a sufficiency of soft water keep the crop crisp and fresh. Much the same plan is practiced with cabbage, except that it does not require so much water.

Beans do not require very rich soil and it is safe to plant them on the very poorest patch. Snap beans may be grown in rows between the orchard trees.

The Lima bean requires a rich,

moist soil, but does not seem to deprive the land of its productiveness. Lima beans have been grown on the same fields in California for many years.

Cucumbers, squashes, and melons require rich soil, and the cucumber profits by the application of fresh horse manure. Sheep manure will hurry plants along more rapidly than most chemical fertilizers.

The specialists believe that if the general principles they have outlined are followed, it will be profitable for almost any one to plant his idle acres this season. They point out that even where the monetary value of the crops raised in the back-yard garden is not important, the gardener and his family must credit to the patch the health and enjoyment they gain from this outdoor occupation. They point out that from the community point of view it is the duty of every home owner to keep his place orderly and attractive. The most profitable way of getting rid of a patch of weeds in a back yard is to cultivate it and plant it to some valuable crop, the orderly character of which will add much to the comeliness of the home grounds.

Gardening is an old, old story. It is related that nearly twenty centuries ago Pliny and Elder summed it up in a sentence of just six words: "Dig deep; manure well; work often."

WILL TRY FOR A NEW TREATY

United States Will Seek Change in Russian Commercial Relations.

Washington, March 22.—The American government intends to undertake negotiations of a new commercial treaty with Russia after the new government of that country has been created. The first step came when the Russian ambassador presented to the state department formal notice that a new government had been created—amounting to a request for recognition.

WHOLESALE ARRESTS MADE

Petrograd Advises Say Even Czar is Among Those Detained.

(By United Press.)
London, March 22.—Simultaneously with the announcement of the granting of amnesty to political prisoners the new Russian government began wholesale arrests throughout Russia of those who still maintained adherence to the former government. Even the czar and his family were reported to have been among those ordered detained. In the case of the former ruler his detention, judging from Petrograd advises, is said to be in the imperial palace. At least one high dignitary of the Russian church has been arrested along with a former premier.

WHAT-YOU-MAY COLUMN

BY "GM."
Sausage.

Sausage is a round, fat, unsentimental article of indigestion.

It is the father of all wurst-buck, liver and weinie. Its grandfather is bologna. And its grandmother is more bologna.

Sausage is of two kinds, trammelled and untrammelled. Trammelled sausage wears a thin spring overcoat the year round and comes a la necklace. Untrammelled sausage is sold by the pound and served in solitaires.

Trammelled sausage is wild. That's why its trammelled. This is evidenced by the fact that it will stand just so much cooking and then it bursts its bonds.

Untrammelled, or tame sausage just sits and sizzles.

No needles to change on the Pathephone, hear it at Fred A. Caldwell's.

We Are Growing Are You?

Money in the end goes into a bank. Why don't you put it there now, instead of letting the next person? The men with whom you spend your income deposit the money. It comes to us anyway; but why don't you put some of it in an account of your own? TRY IT.

LINSEED OIL

Has gone to more than a dollar a gallon. The short crop of flaxseed this season will prevent a return to low prices for more than a year. Painters must either charge more for their work or use inferior materials. We have made our reputation on quality and will continue to use Pure Linseed Oil, and do work that we can guarantee, rather than risk our reputation by using low priced substitutes. It will cost you a little more, but
